

VOTE TUESDAY ON \$120,000 PARK DISTRICT BONDS

Village dads say 'No' to Northwestern

Arlington Heights village board said "no" Monday night to changing Chicago and Northwestern gates here.

The board voted against the railroad's request on the basis of several letters from school officials who felt the new half-gates would not be an advantage to citizens' safety.

The letters were received in response to a call from Mayor Albert Goodke through the Herald for citizens' opinions regarding the change.

A letter from School Sisters of St. Francis of St. James school stated:

"We, the School Sisters of St. Francis, ask to have the railroad gates remain as they are at present in order to insure the safety of the people of Arlington Heights."

From Principal Leroy J. Knoepfel, Arlington high school: "I hope the village board will consider student safety in making a decision. It is my opinion the present gates are more safe than single-aisle gates, and that if the latter are installed, it will cause young people to take more chances, thus resulting in more accidents."

"I presume there are certain advantages to more modern equipment, but believe the present type to be the best from the safety standpoint."

R. E. Clabaugh, superintendent of North and South grade schools, reminded the board of children of bicycles being tempted to skirt around the open gate-arms.

"I believe, in particular, children on bicycles are more likely to observe the present system. I understand, also, the safety record with the present gates has been excellent. I urge you to do whatever is possible to see that no change is made in the type of protection for railroad crossings in Arlington Heights."

A letter from St. Peter Lutheran school, Arlington Heights, also voiced an objection to the change.

"We, the undersigned, register an objection to such a change, since it creates a hazardous condition for motorists and pedestrians."

"Furthermore, work of the patrol boys during school days will become more difficult if the change is made." The letter is signed F. L. Mueller, chairman of board of education, A. W. Obermann, principal, and K. L. Busse, Sunday school superintendent.

"On the basis of these letters and on last week's survey in the Herald, I believe the board should vote to retain the present system," Mayor Goodke commented after the letters were read.

Chicago, Northwestern railroad had asked the village to remove one of each pair of gates so the remaining right-hand gate would stop cars in each traffic lane. Sidewalk arms would be retained at all four points.

The company favored this plan because it would permit a car or truck caught on the tracks as gates were lowered to proceed without damage to gate or to car. He pointed out Des Plaines as an example of modern crossing installations.

Mayor Goodke commented to the board on an auto-train crash in Skokie last week caused by a truck skirting the right-hand gate to cross the tracks. Otto Huber, 55-year-old restaurant owner, and his daughter Shirley Jane, 22, both former Mt. Prospect residents, were killed instantly in the crash.

How to 'cook' leaves in village

If you're planning to do some leaf-burning this fall, don't cook the leaves on pavement. Arlington Heights residents were reminded this week that a village ordinance prohibits burning leaves on pavement since it damages concrete. Police have been alerted to look out for offenders.

Burn 'em in a basket, or cook 'em in your back yard, but don't let them touch the pavement.

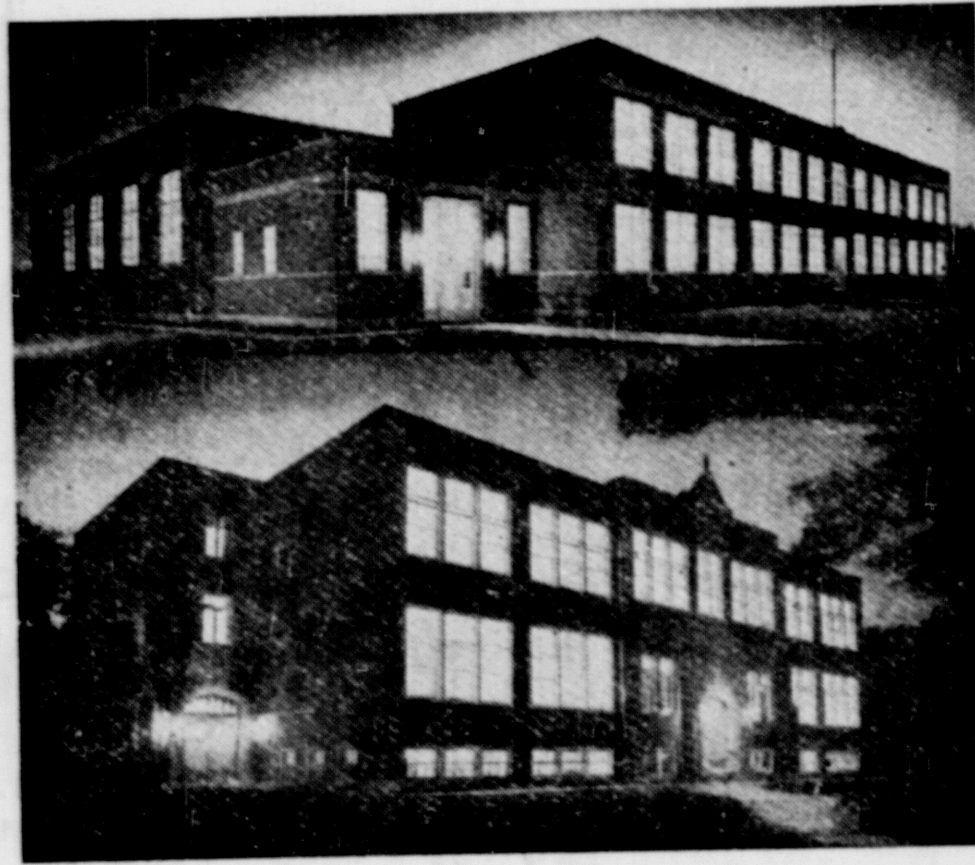

Rubbish collections will begin November 1. The schedule is as follows:

South side, November 1, 2 and 3.

North side, November 4, 5 and 6.

All rubbish must be in containers and placed at the curb. No ashes will be collected.

Blaze of lights welcomes parents

At 7:45 p.m. Tuesday night lights were turned on and doors opened at North and South schools, Arlington Heights, as the buildings were readied for the more than 400 parents and friends who attended the open house later that evening. Parents attended classes of their children and met each room teacher, who gave a brief

Overgrown shrubs to feel axe in safety program

Arlington Heights will act within the next 15 days to remove shrubbery, termed "worse than sky-high billboards," in Scarsdale subdivision.

"The shrubs have been the cause of numerous near-accidents this year," W. N. Walton, president of Scarsdale Property Owners association stated to the village board.

"Some of the corner shrubs have been removed by owners, but much of it is on vacant property and on easements under the jurisdiction of the village of Arlington Heights."

Chief Skoog and Alderman Hartmann will contact property owners whose premises are overgrown with the shrubs to either trim the bushes or have them removed entirely.

There are 14 shrub spots in the area which will have to be eradicated.

"The shrub pruning is in keeping with the police department's safe streets program," Chief Skoog stated.

Sherwood subdivision, Arlington Heights, will not be so dark these coming winter nights.

Fourteen street lights will be installed in that area by the village within six to eight weeks. The lights were authorized after a village survey determined needs of residents of that area.

Eight bracket lanterns will cost \$113.28, or \$14.16 each and six center-suspension lights will total \$99.36, or \$16.56 each. Four lights will be installed on Wilke west highway, five on North road, three on Oakton street, two on Clarendon avenue, two on Brown avenue and one on Kenicott avenue.

Soap allergy worries workers at sewage plant

Arlington Heights disposal plant is allergic to synthetic soap.

This discovery was made public at a village board meeting Monday night by Harold Dobbins, plant supervisor, who stated a local person or organization had been dumping too much of the soap into the disposal system.

"We can't break down suds from synthetic soap," he said, "and the oversupply of acid is interfering in purification of disposal material."

Evidence to date has shown some of the synthetic soap may be coming from Park Lane laundry, situated near the disposal plant. The board authorized Dobbins to investigate further and to ask offenders to cease soaping disposal channels with synthetic stuff.

The disposal plant situation has no bearing on the village water supply.

The ballot

No ballot could be simpler than that which will be handed to the voters at the special park bond issue election next Tuesday. It will read as follows:

"Shall bonds of the Arlington Heights Park District to the amount of One Hundred Twenty Thousand (\$120,000.00) Dollars be issued for the purpose of payment of land condemned or purchased for parks, for the building, maintaining, improving and protecting of the same and for the payment of the expenses incident thereto?"

Theatre parking barred from NW Highway

Arlington Heights may not have parking meters to plague the public and annoy motorists, but the one-hour parking law (with modifications) recently put into enforcement has hit a few bumps.

Several jolts sustained by businessmen under changes in the originally approved parking plan were revealed this week.

P. K. Ladas, owner of Arlington Heights Village Board Monday night to request action on the parking situation along Northwest highway between Evergreen and Dunton.

Parking signs along that side of the street, which originally enforced one-hour parking from 8 a. m. to 6 p. m., were changed by Arlington police to a one-hour limit from 8 a. m. to 9 p. m.

Ladas asserted the change since even customers stayed longer than an hour for supper.

"I approved the one-hour parking limit until 6 p. m.," he told the board, "but there are only two business establishments open during the evening which are affected by the change which was installed two weeks ago."

"I have noticed customers drive up to my restaurant during the change in parking time, and drive out again when they saw the one-hour parking limit for the evening," he told the board.

"THE CHANGE in the ordinance benefits the adjacent drug store, but it is harming my business," he added, "and I do not think the police department or committee would deliberately favor one business over another."

William Luehring, chairman of the police department, replied the change was being tried out for a two or three-week period on desires of a majority of the businessmen on the block. Ladas claimed he was not consulted on the change.

Luehring stated the reason for the change was to discourage Arlington theater traffic from parking along the Northwest highway during the evening, thus blocking entrance to the two business establishments open after 6 p. m.

"The police committee was authorized to study necessary changes in the parking law and to give those changes a trial run," he added.

One alderman suggested the restrictions on after 6 p. m. parking be shifted to the east side of Evergreen from North-west highway to Miner across from the theater. The only establishment open there after 6 p. m. is Evergreen sweet shop, and board members were told the manager had requested one-hour parking in the evening to stop theater traffic from blocking entrance to his business.

THE VILLAGE requested Alderman Luehring to make an immediate survey of the situation. According to rumors, the committee's report, which will be presented to the board at its next meeting, favoring extended one-hour parking will stand.

State approves use of gas tax funds on Douglas avenue

The use of gas tax funds for the widening of Douglas avenue will be decided Monday evening at a special meeting of the village board.

W. W. Polk, chief state highway engineer, has approved the project, and actual spade work may begin within one or two weeks after the board meets.

According to present plans, the street will be widened from Miner to Northwest highway, a distance of 1,350 feet, to forty-four feet and will have a bituminous surface. Storm sewers also will be constructed. Total cost will be \$15,000, and will be paid from motor fuel tax funds.

The park election

There is an election next Tuesday upon which will hinge the future of Arlington Heights park system.

It is important that there be a representative vote. Proponents of the park projects think that the amount of the bond issue is small compared with the benefits that will follow down through the years.

Expressed opposition has not been against the entire project, but against certain phases of the projects.

Bond issues can not be purchased over the counter. The price of land is no more stable than the price of butter. The real issue is not so much the amount of the bonds as it is the wisdom of acquiring for park purposes land that is now available.

We are prone to consider the spending of taxpayers' money on pre-inflation costs, yet we, as individuals, do not hesitate to pay a dollar a pound for meat.

Arlington Heights will soon have a population double that existing when recreation park was purchased.

We have built two new school buildings and one addition since that park was secured.

If parks are a necessity in a modern city, Arlington Heights voters should approve the bond issue.

However, that election will not carry if only a few hundred votes are cast. The bond issue has a chance of winning with a thousand votes.

When the polls close next Tuesday we will know the answer.

1,000 parents 'go to school' at open house

When Arlington Heights parents take over the high school building Thursday night, it will be under "pleasant circumstances."

"The open house tonight will acquaint parents and teachers on a social basis," Principal Knoepfel commented. "There will not be any discussion of a child's problem, as usually happens when a parent visits the high school."

Visitors will meet in the school auditorium at 8:15 p. m. Elmer F. Laurin, high school board of education president, will give a short welcome address and William Boland, vocal teacher, will lead the group in community singing.

Parents will attend six 10-minute classes from 8:20 p. m. to 10 p. m. at which time refreshments will be served in the gymnasium. Each of three home rooms which get most parents to the open house will be awarded a box of candy.

Friendly Circle bazaar today at St. Johns

The Friendly Circle of the Women's Guild of St. John Ev. and Ref. church, corner Evergreen and St. James streets, Arlington Heights, extends an invitation to the public to attend its bazaar, which is being held today, Thursday.

The bazaar begins at 2 p. m., and supper will be served between 5 and 7 o'clock.

Biggest feature of the affair is the vast variety of aprons that are offered for sale. Be it plain or frilly the apron booth will have it. Pillow cases, too, can be seen in splendid array, with one to suit every taste.

Afternoon shoppers should plan on bringing their families for supper, or taking home a coffee cake, cake, or doughnuts from the bakery corner for the evening meal.

With Christmas just around the corner avoid the rush and shop early at the Friendly Circle bazaar.

City of Chicago starts suit for airport land

The City of Chicago has started condemnation proceedings in the circuit court of Cook county against eight landowners in the Orchard Airport area, it was revealed this week.

THE CITY is seeking title to 100 acres south of Bryn Mawr and west of Wolf road. This area, it is pointed out, is to be used for an administration building and three landing airstrips.

Already, it is said, plane traffic is being directed from the Municipal Airport in Chicago to Orchard landing fields. The City Orchard landing fields. The City Orchard landing fields. The City Orchard landing fields.

THE eight parcels affected are farms belonging to Herbert Dierking, Oscar Dierking, Anna Dierking, Robert Dierking, Edna Dierking, Ray Schroeder, Otto Dierking and George W. Wiech.

RETURN DAY for the summons has been set for Nov. 15. According to William Redmond, attorney for the owners of the property, the suit must be tried before a jury and he expects it to get started after the first of the year.

Housing for new fire truck to cost \$10,000

It's a good thing Arlington Heights board members were sitting down Monday night when they heard a report on the cost of proposed remodeling of the present fire station.

Walter Kroeber, who had been requested by the board to survey the situation, broke the news gently.

"In order to permit erection of a larger door on the Davis street side of the building, a central post will have to be removed and larger joists and beams installed," he stated. "The cost in round figures would be approximately \$10,200."

The figure also includes building a concrete ramp, and other concrete work, and the \$450 cost of the 10'x10' overhead door.

Each of the two fire trucks has its own exit door at the present time, but a place with entrance and exit has to be found for the new fire truck, which will be delivered around New Year's, according to Fred Kehe, fire department chairman.

Kroeber advised the board the village would be wiser to invest \$5,000 more to build a new fire house with room for future expansion than to spend the \$10,000 sum on remodeling the present structure to include three trucks.

"Some day the village may have to have six or seven fire trucks," he stated, "and the community would be forced to build another fire house in addition to remodeling."

FRED KEHE told the board that, as chairman of the fire department, he preferred erecting a new structure on the north side of town to house the new truck and future fire equipment.

"It would also be a safety measure," he added, "because a fire truck answering a northside call would not be hampered by having to wait for trains to pass on the Chicago Northwestern line."

Kehe added if a new fire house cost \$20,000, it would be worth the expense if it could eventually provide second-floor living quarters for firemen.

Girl Scout week to open with Sunday service

Arlington Heights and Mt. Prospect Girl Scouts will officially open Girl Scout week Sunday, Oct. 31, with a scout's own service at South school gymnasium, Arlington Heights.

The solemn ceremony will start at 3 p. m. and the day is of special significance since it is the birthday of Juliette Low, Girl Scout founder. Purpose of the service will be to emphasize scouting ideas and ideals to area girl scouts. The girls will conduct a candlelight ceremony and renew the girl scout pledge.

Officials expect more than 500 girl scouts, parents and friends to attend the meeting.

Arlington women invited to hear Republican candidate

A reception and tea in honor of Malachy Coughlan, Republican candidate for states attorney, will be held Thursday, October 28, at Arlington Heights field house. All women of the community are invited to meet Mr. Coughlan there at 2 p. m.

The bond issue

Six park projects are tied up into the \$120,000 bond issue for which approval of the voters is being asked next Tuesday. Those projects and their estimated costs are:

1. Purchase of 10 acres immediately south of South school \$30,000
 2. Establishment of a park in Southeast part of village (estimate) 30,000
 3. Flood-lighting for two softball diamonds 15,000
 4. Purchase of parking area west of Recreation Park for use of motorists attending park events and for commuters 20,000
 5. Development of Northwest Park, recently decided to village by subdivision 15,000
 6. Changes in railroad parks to provide improved roads and needed parking facilities in business district 10,000
- TOTAL COST\$120,000

Arlington men to wear wigs and gowns in 'Everybody's Here'

Between 50 and 80 men will take part in "Everybody's Here" to be sponsored by the Arlington Heights Lions Club on November 4-5-6 at Arlington Heights high school auditorium. The director will arrive next week to start plans for this production.

By magic touch of rouge, lipstick and powder some of the local males will be transformed into charming maids, lovely matrons, and glamorous girls. They will don high heels and wigs, elaborate make-ups will bring about some startling transformations in many a husband and sweetheart.

In fact, it looks as though the cast is going to have as much fun as the audience in this rollicking show. The performance satirizes a home coming, and rambles along through the gathering of the people of the community as well as those who have moved away. Many will burst into song or dance. Many celebrities of movie and radio and stage as well as many noted diplomatic personages will mingle with the local people of lesser distinction.

The boy scouts and girl scouts will share in the proceeds, to be used for their permanent camps.

Third annual police party nets \$2,600

Proceeds to be used for equipment and insurance

An exuberant, perspiring mob of dancers and a traffic jam in Arlington Heights last Saturday was evidence of the fact the third annual policeman's ball was a popular affair with local citizens.

Arlington Heights police netted approximately \$2,600 from the Saturday dance.

More than 400 people attended the affair at Arlington Heights field house, and danced to Wally Hahnfeldt's music and enjoyed barbecued and soft drinks.

Especially happy were these dancers: Don Cox, 617 S. Pine, because of a girl's bicycle; B. C. Bauer, 616 N. Dunton, boy's bicycle; Frank G. Cizek, 913 Patton, table radio; Mrs. D. R. Bitner, 29 S. Dunton, toaster; I. D. Allison, 828 N. Dunton, Westinghouse toaster; Elroy Winkelman, twin-waffle iron; G. H. Taylor, Hollywood broiler, and Mrs. Herbert Horn, mixer.

Total proceeds from ticket sales were \$3,523.50 with \$291.00 taken in at the door for a total of \$3,815.00. The \$2,600 figure was arrived at after deducting \$1,200 expenses.

Arlington police wish to thank all persons who helped to make their annual dance a success.

Penny-grabbing bandits

Are you complaining about that over-parking ticket you got last week?

Well, don't. At least not until you read what Tom Hart says about the "dang" parking meters in Palatine. "It's penny-grabbing," he says, "and it's making Arlington Heights a rich town!" Tom's "Tales of the Street" are on page 1 of section 3.

Funds to be divided between six park projects

The fate of the proposed \$120,000 park bond issue will be decided next Tuesday at a special election at which all residents of Arlington Heights who have lived in the park district 60 days and the state one year have the right to vote.

Polling places will be open from 6:00 a. m. to 5:00 p. m. All those residing north of Central road will vote in the field house. Those residing south of Central road (Elk Grove township) will vote at the Radford gas station.

COMMENTING on the purpose of the election, President R. M. Beatty states that the board is desirous of acquiring the land designated and making improvements to keep abreast of a fast growing Arlington Heights. The tax rate increase will be between 4 and 5 cents a \$100 valuation, depending upon the total amount of the assessed valuation as determined next spring by the assessor's office.

The additional tax to the average home owner of Arlington Heights will be between \$2.50 and \$3.00 per year.

Those favoring the bond issue are hoping the election will carry by the popularity of the lights for soft ball, the development of the northwest park and the purchase of a southeast park near the South school.

The park board has protected purchase of some of the land needed by options with the owners or by purchase agreements.

The Fence Post in this issue carries a letter written by Ed. Wahl, a park board member, who is not in agreement with some of the plans of that board.

Dr. E. Horst to speak to school study group

The Pre-School Study Group, Arlington Heights, will hold its first meeting October 27, at 8 p. m. at the South school. The speaker will be Dr. Elfriede Horst, well-known pediatrician, whose subject will be "The Inseparables: Body and Mind."

This is a new group in Arlington Heights, although there are several successful groups of this type in other suburban communities.

The PTA feels that there is a need for both children and parents to be prepared for the important experience of school. A discussion and study program can be most helpful in that preparation. The program is expressly designed to consider the problems that face every parent of pre-school children.

Specialists in the fields of child guidance, education and psychology will speak to the group in future meetings.

The committee is headed by Mrs. Paul Fellingham. Other members are: Mrs. Orville Vincent, Mrs. Herbert Mahomed, Mrs. Keith Wessling and Mrs. William Bott. Mrs. Walter Sehns, vice president of PTA, has been acting in an advisory capacity.

Police count 3000 spaghetti miles at meeting

Arlington Heights police and 500 other area officers consumed more than 3,000 miles of spaghetti Tuesday night at a meeting of the Illinois Police association in Highland, which town, according to Chief Skoog, is an Italian-minded community.

The group also listened to a concert by Great Lakes band after a short business meeting. Also attending were Officers Jahnke, Bauer, Mueller, Johnson and Melbourne of Arlington Heights and Chief Whittenberg and Officer Kranz of Mt. Prospect.

"We had an enjoyable time," the chief commented, "and we got home without mishap." He referred, of course, to the previous association meeting at which time Officer Johnson's auto was stolen from where it was parked three blocks from the meeting place.

A regional police chief organization will be revived, according to Chief Skoog. A similar state-wide group was abandoned 15 years ago because it was difficult to gather members in one place for a meeting.

Purpose of the north Cook county group will be to "talk over our troubles," the chief stated.

CHRISTIAN SCIENCE CHURCHES
The subject of the Lesson-Sermon
in all Churches of Christ, Scientist,
on Sunday, October 17, was:
"DOCTRINE OF ATONEMENT"
The Golden Text was:
"The Son of man came not to be
ministered unto, but to minister,
and to give his life a ransom for
many" (Mark 10:45).
Among the citations which com-
prised the Lesson-Sermon were the
following from the Bible:
"For God so loved the world, that
he gave his only begotten Son,
that whosoever believeth in him
should not perish, but have ever-
lasting life. For God sent not his
Son into the world to condemn
the world; but that the world
through him might be saved"
(John 3:16, 17).
The Lesson-Sermon also included
the following passages from the
Christian Science textbook, "Sci-
ence and Health with Key to the
Scriptures" by Mary Baker Eddy:
"Atonement is the exemplifica-
tion of man's unity with God,
whereby man reflects divine
Truth, Life and Love. . . . We
acknowledge Jesus' atonement as
the evidence of divine, efficacious
Love, unfolding man's unity with
God through Christ Jesus the
Way-shower; and we acknowl-
edge that man is saved through
Christ, through Truth, Life, and
Love as demonstrated by the
Galilean Prophet in healing the
sick and overcoming sin and
death" (pp. 18, 497).

FRIDAY, OCTOBER 22, 1948.

seek more den dads

The October Cub Pack meet-
ing was held on the 15th at the
South school. A good time was
had by all. The mothers and
dads who did not attend missed
a good program.
Chairman Roland Laughlin
presided. Cubmaster Marty Free-
man led the boys in songs and
games. Project Chairman Dick
Fox demonstrated the November
project—an Indian shield.
Chairman Laughlin asked for
the missing man—the men need-
ed for the dens without den
dads, namely dens 5 and 13 on
the N. W. side. If you have a
boy in cubbing why not pitch in
and help those that are doing
their best for your boy. Regard-
less where you live, your help
will be appreciated. Your son's
den dad will give you any in-
formation desired.
The following new den dads
were introduced at the meeting:
Messrs. Vittum, Gregg, Schmidt,
Murphy, Rickert and Palmer.
Den 10 put on the induction
ceremony in full Indian costume.
The following cubs were induct-
ed: Allen, Schmidt, Robert
Siegel and Donald Stadelman.
William Malcom received his
Webelos award.
The meeting ended at 8:30
with a short movie that was en-
joyed by all.
NOTE: Dens 5 and 13 will
meet this Friday night at 7:00 at
the Methodist church. This is
only temporary until den dads
in their respective neighborhoods

will take over.

The 1949 FRAZER

Trailblazer-of cars to come!

Once in a blue moon the stylists and engineers outdo themselves. They create a car that goes beyond today and sets the pattern for cars of the future.

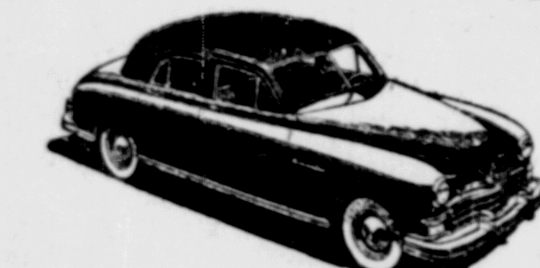

This is what they have done with the FRAZER for 1949!

Low, sleek and differently handsome it is the trailblazer in style of cars to come. Its exclusive colors and fabrics have made the world's leading fashion designers fall in love with it. They call it "the dream car".

The same car, the FRAZER for 1949, has even won the hard-to-win hearts of the test drivers who must relentlessly punish a car mile after mile for weeks on end. They say the Frazer makes such driving no punishment for them. Its driving ease and riding comfort "make 600 miles a day a breeze," they say.

There's a thrill waiting for you at your dealer's today. With 100 new features, improvements and refinements, the 1949 FRAZER is ahead of its time. . . out front—trailblazing the way for all the cars to come.

First to break clean and scrap tradition, the cars from Willow Run have done it again. Because unlike other "new" cars built since the war, they've road-proved their dependability—2 billion miles worth! Value-proved to a quarter-million justly proud owners. See and drive the new FRAZER now! It's at your dealer's. Kaiser-Frazer Corporation, Willow Run, Michigan.

ROOF or RE-ROOF
with Barrett* Asphalt Shingles
IN THE COLORS YOU LIKE

Nothing adds more to the appearance—and value—of a home than a bright new Barrett Roof. There's a rainbow of colors to choose from—warm reds, cool greens, shadowy blue-blacks as well as rich blends. Select the color you like best—the one that suits the architecture of your house.
Then consider this: Barrett Shingles are made by the same manufacturer whose products roof America's most famous buildings—including the Field and Wrigley Buildings in Chicago, the Lincoln and Jefferson Memorials in Washington, the Empire State and R.C.A. Buildings in New York. What more need you know about the quality and dependability of Barrett products?
Yet the cost of a genuine Barrett Asphalt Shingle Roof is surprisingly easy on your budget—sensationally low per year of service.
Get in touch with your Barrett dealer or applicator today.

Walters called ablest man in congress race

Willard C. Walters, of Arlington Heights, Democratic candidate for Congress, has continued his vigorous campaign among independent voters in the preponderantly Republican 13th congressional district.

During the past week he has appeared in Elmwood Park, Waukegan, Evanston, Winnetka, and Arlington Heights.

Walters' candidacy received a boost Friday when a news item

in the Daily News said of him: "Among opponents of candidates in this group (2d, 3d, 9th, and 10th (now 13th) the ablest man would appear to be Willard C. Walters, opposing Church. Walters is a lawyer of attractive personality, with qualifications as high as Church's or higher in every respect except experience. He has not previously held public office."

Walters has elaborated on his theme that a vote for Church for Congress is a contradiction on the part of those who vote for Dewey and Warren because of Church's known opposition to the liberal attitude toward government that Dewey and War-

ren represent.

Walters told listeners "in the field of foreign policy Church has voted against the Marshall plan for aid to Europe, voted to cut appropriation for Marshall plan aid and voted against reciprocal trade agreement program; that everything in Church's record points to the fact that if returned to Congress he will resist this government's effort to cooperate with other nations of the world on a long-range program for peace."

Tuesday Walters spoke before the League of Women voters at the Woman's Club in Evanston; on Wednesday at the home of Mrs. H. Jerry Voorhis in Winnetka before a group sponsored by the Winnetka Women's Democratic Club. Thursday he will speak in Des Plaines, Park Ridge and Waukegan, and on Friday in Arlington Heights.

Battle of Monmouth

Washington's Continentals whipped the British red coats in the battle of Monmouth. It was during this struggle that the immortal Molly Pitcher manned a cannon when her husband was killed.

Hello girls get 3rd round wage increase

With 31,000 of its 37,500 union employees demanding and receiving third round wage increases, W. C. Lathen, manager here for Illinois Bell Telephone company, estimated approximately \$7,000,000 has been added to the company's annual wage and related costs bill. There are another 13,000 employees in the company's commercial, accounting and general offices.

Settlement with 11,000 long distance and local operators represented by Communication Workers of America Division 14 (Independent) was effected last Friday at the deadline of midnight. Increases of \$2, \$3, and \$4 per week were given, depending on length of service, type of job and locality. Union demands had ranged up to \$6 per week, and federal and state conciliators assisted in the settlement.

"Settlements were made to match third round increases given by other industry and to pay going wages in the towns where we operate," the manager said. "We can't get and keep good people unless we are even with the wage market and these settlements, of course make present employees' jobs more attractive. Moreover, in many communities, including Arlington Heights, we need more workers, particularly operators."

"The unfortunate result, however, is to impair critically the company's earnings position. Our total 1948 earnings for stockholders had been estimated before any wage agreements were signed at about \$10,000,000 on gross plant investment of over \$500-

000,000, which is less than 2c on the dollar. Wage awards already made, with another 13,000 employees to go, amount to as much as three-fourths of 1948 previously expected profit," Lathen stated.

Proclamation

WHEREAS, it is the custom on one day of each year for our citizens to join hands across the nation to render grateful tribute to our mighty Navy, and give well deserved honor and recognition to the achievements of the men and women who compose its ranks; and

WHEREAS, it is fitting that our citizens be informed and aware of the current aims and activities of our sea-air Navy, Victor in War and Guardian in Peace.

THEREFORE, I, Albert W. Goedke, Mayor of Arlington Heights, hereby proclaim Wednesday, October 27, 1948, as Navy Day and call upon all citizens of Arlington Heights to display the national flag and take part in appropriate observance of this day.

ALBERT W. GOEDKE,
Mayor.

VFW post 981

Next regular meeting will be Friday, October 22, at 8 p. m. at Arlington Heights village hall.

The November 5 Smoker, to which the ladies are invited, will have added features, including color movies and accordion music. Tickets are \$1 per person, and place is Elk Grove Inn. The public is invited.

The first meeting for the library memorial building was held recently. Both military posts of this city have voted to construct a public library as memorial. The structure will honor all vets from the War of 1812 through World War II.

Noon whistle blows in key of B flat

Piano out of tune? Re-tune it with the Arlington Heights noon whistle, which blows in the key of B flat.

This fact was discovered by Laverne Levine, piano teacher, who thought he was playing off key, but discovered it was the noon whistle blowing.

'A want ad moved our furniture'

When the E. A. DeMille's, 506 Wa Pella, Mt. Prospect, decided to move out of the state they found they really had a problem on their hands. What to do with all their furniture?

"We had decided to sell our furniture in preference to having it moved west," Mr. DeMille said. "Most people advised me to advertise with Paddock Publications since they had the largest reader circulation of any paper

FRIDAY, OCTOBER 22, 1948

PAGE THREE

around here. However, I tried a paper in a neighboring town instead. I received one call!

"Last week I advertised in your paper and I know I must have received more than 20 telephone calls for a studio couch that I had advertised. Results on the other articles advertised were just as satisfying. I don't have too much left to sell."

"People were right. Your paper is the best, both for advertising and news satisfaction."

"Craters of the Moon"

Water only two degrees above freezing is found among the lava wastes of Craters of the Moon national monument in Idaho even during the summer. Snakes are unknown here, because the terrain is too rough for their journeying. Craters of the Moon, covering 80 square miles of territory, is one of the nation's largest national monuments.

If you were the President of A&P... What would you do to make your A&P a better place to shop?

Have you ever said to yourself, "If I were the President of A&P, I know what I'd do"? I think there are many A&P customers who would like the opportunity to express themselves on the subject of their A&P. I really believe that from your side of the counter, you know A&P best. That's why I ask your opinion.

You can help to make your A&P an even better place to do all your food buying by

sending me your suggestions... criticisms... opinions. For instance, what about our service? Is it as courteous and helpful as you would like it to be? Is it prompt and efficient, too? Do you always find all items plainly and correctly price-tagged—as they should be? What in your opinion are we doing that we could do even better? Or what are we not doing that you feel we should do?

I INVITE YOU TO WRITE AND TELL ME HOW YOUR A&P MAY SERVE YOU BETTER

We of A&P want to make our stores the finest places of all in which to shop. That is why your suggestions, criticisms and opinions will be gratefully received and acknowledged. You see there are 100,000 employees of A&P from coast to coast jealously guarding the A&P reputation for courteous, honest, and efficient service. They never want to fail you in any way, but if they do, I am sure that they, as well as I, would appreciate your writing me.

200 girls have slumber party in gym

by JANICE HACKBARTH

"Listen, you nightmares, I want to get some sleep tonight," complained one freshman who didn't understand that slumber parties are not given for the purpose of sleeping. Slumber parties, hen parties, or pajama parties all mean one thing — not much sleep. Just as miniature golf was a fad in dad's and mom's day, slumber parties are the fad of this generation, for teen-age girls anyway. It's a constant battle to see who can invite more kids and get the least sleep. When Kathy Shanklin accommodated twenty five

girls at her party, everyone thought the record had been broken. After all, who can squeeze more than twenty five girls in a house and have enough room to wiggle? But on Oct. 17, the most stupendous slumber party of all was given by the AHTHS Girls Club in the high school gym. Approximately two hundred girls attended the party. As each girl arrived, she gave her name so that there was an accurate record of attendance. Proceeding into the gym, she dropped her blankets in a pile and just gazed at the transformation that had taken place.

The floor was littered with suitcases, pillows, and sleeping bags, with girls scattered liberally in between. Clothes were draped all over the bleachers. THE FOOTLIGHTS illuminated the stage where some of the kids were playing the piano and singing. At first it seemed so strange to think of sleeping on the same floor where we watch basketball games or sit during assemblies. But after awhile the scene began to look quite natural. After duly examining the existing conditions in the gym, we headed for the cafeteria. Here the juke box was blaring and people were dancing. Others were just talking and drinking Cokes.

Just then someone called, "Hey, you kids! We'd better practice our skit before it gets much later." In a few minutes, the various groups had scattered all over the building. Pajama-clad figures, holding flashlights, explored the dark corners to find a place to practice in secrecy. After working out the last details of these extremely funny skits, the girls trailed back.

ent enjoyed themselves. The entire town benefits from this gay evening, so get your memberships soon, everyone!

Ramblin' Around with Ramble Inn

by PHOEBE ANNE ELLIS

Attention, all pranksters! Here are the details of the annual Ramble Inn Halloween party! Date? Oct. 30. Time? 8:00 to 12:00 p. m. Place? Downstairs and upstairs at the Field House. Purpose? To provide all members of the Youth Center with a big time!

This is the third annual party and the plans sound more exciting than ever. A dance band and floor show have been arranged, plus the big bingo games, two fortune tellers and a turtle race! The Spook House, always a popular and gruesome feature, will again offer chills and thrills. All the other activities of Ramble Inn will be going strong, also.

The merchants from Arlington, Prospect Heights, Wheeling and Mount Prospect have generously consented to donate the prizes, which will be won in games, in addition to the twelve big prizes which will be raffled off each hour. A special prize will go to some lucky winner at midnight.

This is one time when the parents really put in a lot of time! They will sell at concession stands, run the games and serve all the refreshments so that all the Y. C. members can really enjoy themselves. However, the members will do all the clean-up.

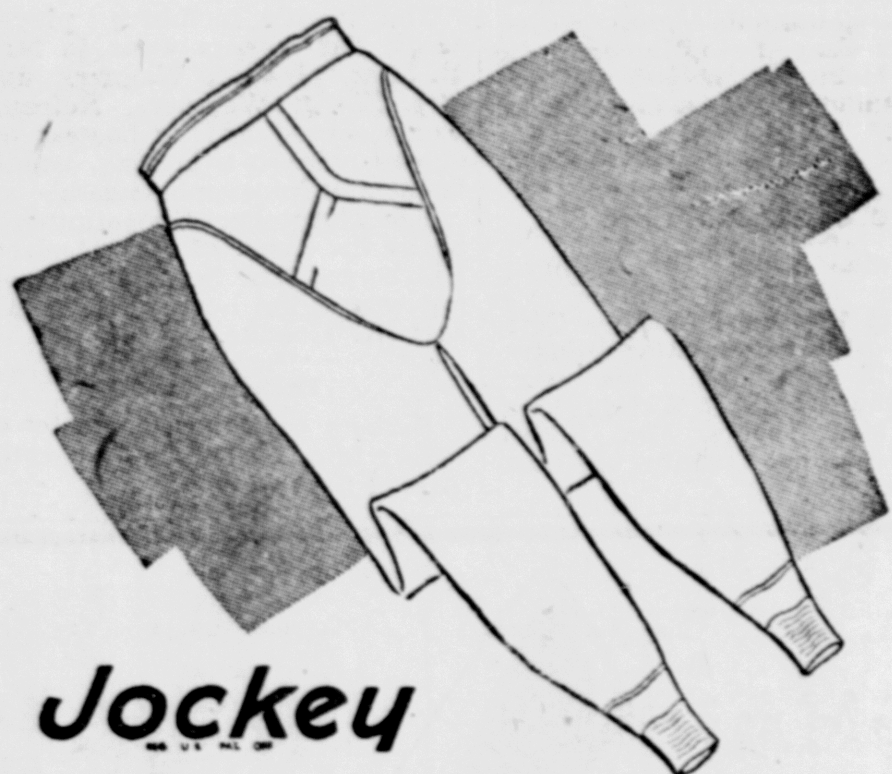

Mr. and Mrs. Kenneth Kennedy are heading the adult committee this year, with Mr. H. L. Slichenmeyer, Mrs. Jean Heffner, Mr. Max Watson and Mr. and Mrs. Bob Carney. Mr. Robert Blackburn, Mr. and Mrs. Mason Brown, Mr. Mark Cleaver, and Mr. and Mrs. Marvin Prellburg all co-workers.

So that all students may come to the party, a special sale of Ramble Inn memberships will be offered at High School on the 28th and 29th of October in order to avoid delay upon entering. Every student must show his pass to get in.

Last year, 55% of the members were at the Halloween party and those who were present.

FOR SALE — OLDSMOBILE — Late 1946 Series 76 4-door sedan. Radio, heater, and air conditioning. Many other extras. Exceptionally clean inside and out. Has 5 like new tires. Original low mileage. Must sell at once. Phone Palatine 317-J-1.

DEMONSTRATION!

OF
NATIONAL Presto COOKERS

Free Demonstration
Saturday, October 23
9 to 6

BY A FACTORY TRAINED EXPERT

See how easy it is to use a Presto Cooker. The 5, 10 and 15 pound indicator-weight shows exactly how much pressure there is in the cooker at all times. Makes it possible to cook or can in a Presto ... The Home Seal ... Safe ... sure ... simple, makes the Presto Cooker the easiest to use pressure cooker on the market. The Combination Anti-Vacuum Valve and Over-Pressure disk is an extra safety factor and prevents loss of food juices when cooker is cooled rapidly ... Colorful 128 page Recipe Book ... complete manual for hi-speed cooking and safe pressure canning. REMEMBER, all pressure cookers are not Presto Cookers. Look for the name plate when you buy. Presto Cookers are available in three sizes.

SEE FOR YOURSELF
HOW THE
Presto COOKER

... does away with kitchen drudgery ... how it makes cooking and canning a pleasure ... how it saves food ... cuts food bills and cooking fuel costs. Attend the Presto Cooker Demonstration, by a trained expert from the world's largest manufacturer of pressure cookers, in our store this week.

See how practically all foods may be cooked in a Presto Cooker and in an amazingly short time. Vegetables in fractions of ordinary cooking time. Meats deliciously tender, not in hours, but in mere minutes.

Arlington Appliance & Electric, Inc.
11 West Davis, Arlington Heights

AT THAT MOMENT, some seniors had a brilliant idea. Here was the chance they'd always wanted. It was the perfect time to slide down the banisters. Gleeefully they ran to the landing and then proceeded downward. The great desire need not be suppressed any longer.

Back in the gym, the girls were sitting in circles eating their hoards of food. What one person hadn't brought, another had, so a fine assortment of anything from olives to candy was on hand.

The midnight show got under way with singing led by Bonnie Peterson and Patti Boyles. To get warmed up, we sang "Row, Row, Row, Your Boat" and "Dinah." Then the hams appeared to do their skits. There was a "Glowworm" act, an impersonation, and the "Viper Skit." Also different kids played the piano and marimba, and sang. Elaine Kehe, one of our chaperones, read her original poem. Sally Young told about "A Shaggy

Dog." In fact, all sorts of unexpected talent was exhibited. Then Dolores Windheim, Girls Club president, announced that we'd have an exercising period. So about seventy-five energetic girls did "jumping jacks" and push-ups. A game of leap frog was proposed, but, by this time everyone was worn out.

AT 2 A. M. the chaperones, Mrs. Harley Unger, Mrs. Albert Boyles, Miss Hazel Beverly, Miss Elaine Kehe, and Miss Marion Goebbert announced lights would

be turned out in ten minutes. The chatter gradually subsided as the somewhat sleepy girls crawled into their sleeping bags. In the front of the gym, soft singing could be heard. Just then there was a flash and a complaining voice questioned, "Joannie, do you have to take a picture when we look like this?" As the lights were dimmed, the voices grew softer and it all

most seemed as though everyone was asleep. But, no, all of a sudden there was a loud pop. Some wise one had broken a balloon. Heads were lifted once more. No sooner was the gym quiet again when another die-hard yelled, "Wake up!" By this time everyone was too exhausted to complain.

At last a hush stole over the room and the girls slept. But after all, it was 5 a.m.!

How Your Vote Is Counted Every Day at Jewel—

As a citizen it's up to you to vote at every election, but as a homemaker you vote every day. Since regular election day is just around the corner, we thought this would be a good time to let you know how your vote counts all year 'round at Jewel.

Every purchase of every item at Jewel determines which brands and items of merchandise you prefer. From time to time your vote changes, or you reject a brand-new candidate. This brings in new items and new brands—and removes from our shelves the things you no longer vote for.

Yes, you vote every shopping day at Jewel—and your vote counts!

Shirley Nelson, Gilbert Hayes wed Saturday

Miss Shirley Nelson, daughter of Carl Nelson of Elgin, and Gilbert Hayes, son of Mr. and Mrs. Gilbert Hayes of Palatine, were married at St. Matthews Lutheran church, Barrington, on October 16. Rev. H. H. Heinemann read the nuptial service.

The couple were attended by Mrs. Albert Meyer, sister of the bride and Hobart Hayes, brother of the bridegroom. After the ceremony a buffet supper was served for the immediate families at the home of the bridegroom's parents.

Mr. Hayes will continue his studies at Northern Illinois college, DeKalb. Mrs. Hayes is employed at the National Tea store in Palatine.

4-5-6—"Everybody's Here," sequel to "Womanless Wedding," sponsored by Lions club.
17—Faith church bazaar at field house.
28—Italo Tajo, guest artist on Community Concert program.

Many parties fete the Albert Kehe's silver anniversary

A roast beef dinner with all the trimmings held Sunday night at the home of Mr. and Mrs. Walter Karstens, opened a series of parties celebrating the silver wedding anniversary of Mr. and Mrs. Albert Kehe of Arlington Heights.

The dinner was given by the Birthday club and Friday Social club of which both are members. They presented Mr. and Mrs. Kehe with a maroon leatherette round card table and four matching chairs. The occasion served a dual purpose as it also initiated the recreation room of the Karstens new home.

Tuesday evening they were given a dinner by their three children at the trailer home of Mr. and Mrs. Robert Kehe. An open house was held at the Kehe home Wednesday, the actual date of the anniversary.

A dinner will be held Saturday evening for 79 guests at the Lutheran school dining room. Dinner will be served by the Lutheran Ladies Aid.

Woman's club group to discuss 'worst' and 'best' air shows

"The worst program on the air" and "My favorite radio program" are two subjects which members of the literature and drama study group of Arlington Heights Woman's club will discuss at their first meeting of the year, October 26.

Twenty women will meet at 1:30 p. m. at the home of Mrs. E. J. Harris, 304 W. Northwest highway.

Dorothy E. Miller, educational director of WBBM, will speak to members on programs and their production.

Members of the Woman's club will attend a legitimate theater presentation in December and should be prepared to select the play they wish to see.

Vera Flentge, Robert Moehling are married

A candlelight ceremony at the St. Paul's Evangelical and Reformed church, Palatine, Saturday united Miss Vera Flentge and Robert C. Moehling in holy wedlock. The couple repeated their marriage vows after Rev. American Beauty, and Miss Betty Jane Flentge, sister of the bride, was junior bridesmaid and was dressed in red. Their gowns were the same style as the matron of honor, and they carried the same kind of flowers. They also wore a strand of pearls, a gift from the bride.

During the ceremony Mrs. Glen G. Gumm sang "Because" and "Prayer Perfect," accompanied at the organ by Mrs. Wilmer Gusewelle. The church was beautifully decorated with palms and baskets of gladioli and candelabra, which held candles that were lit by two ushers.

The bride was given away in marriage by her father. She was attired in a gown of white bridal satin, having a sweetheart neckline, with a peplum bodice and a long train. Her finger tip veil was held in place by a tiara of seed pearls. She wore a strand of pearls and carried a bouquet of white carnations, with orchid center and Stephanotis tied in streamers of lover's knots.

Mrs. Margaret Gintz, sister of the bride, was matron of honor. She was gowned in turquoise blue velvet dress, which was fashioned with fitted bodice, having an off the shoulder effect, and a full skirt. Her bouquet consisted of white carnations with a yellow carnation center and streamers knotted with carnations. A strand of pearls was her only jewelry, which

was a gift from the bride. The bridesmaids were Miss Elvera Moehling, dressed in green; Miss Shirley Sodt, in purple; Miss Alice Toppel, in blue; Mrs. Lorraine Kerschke, in blue; American Beauty; and Miss Betty Jane Flentge, sister of the bride, was junior bridesmaid and was dressed in red. Their gowns were the same style as the matron of honor, and they carried the same kind of flowers. They also wore a strand of pearls, a gift from the bride.

Marvin Moehling, brother of the bridegroom, served as best man. Ushers were Marvin Flentge, Rubin Baade, James Roesner and Fred I. Gintz. Ralph Berlin, cousin of the bride, served as usher to the junior bridesmaid.

Mrs. Flentge was attired in a green crepe dress, while Mrs. Moehling chose to wear a wine crepe dress. Both wore corsages of white carnations.

Immediately following the ceremony a reception for 500 guests was held at the Wheeling community hall.

Mr. and Mrs. Moehling are now enjoying a two weeks honeymoon in Little Rock, Arkansas and upon their return they will reside at the groom's home until their home in Union, Ill. is completed.

There will be an open house at the bride's home, 115 W. Johnson st., Palatine, on October 31.

An addition of a baby girl, the second child to be adopted by Mr. and Mrs. Embert Scharringhausen of Itasca, made them one of the happiest families in town this week. The little girl is five weeks old and has been named Valerie Claire. She has a brother, David, who is 22 months old. Mr. and Mrs. W. H. Grismer, Jr., of Arlington Heights, are parents of a second son, born October 19, at Elmhurst hospital. The baby tipped the scales at 8 pounds 11½ ounces. He has been named Jeffrey Craig and has a brother, Michael, who will be two in January.

Arlington singers invited to sing The Messiah

The Messiah will be sung at the Methodist church December 19. All singers in Arlington Heights are invited to take part in this program, which is under the direction of F. C. Schmoeyer. Practices for this event are held on Wednesday evenings at 9 o'clock, at the church.

To have barn dance

November 20 is the date set for the Barn Dance that the Evening Guild of Mt. Prospect St. John's Episcopal church is holding at the Arlington Heights fieldhouse. There will be both square dancing and round dancing from 8 to 12 p. m.

The ways and means committee have planned refreshments of popcorn, cider, apples, potato-chips, doughnuts and coffee. Tickets may be obtained from guild members for 50c for juniors under 18 years, and 75c for adults. The public is invited. (AM)

Bykota circle meeting

Bykota circle of Arlington Heights Methodist church will meet at the church parlor October 26 at 8 p. m. Rev. Vondracek will talk about his work with the WSCS in Czechoslovakia. Mrs. Sayers, Mrs. Elliott, and Miss Mary Handlin are hosts for the evening.

Return from Europe

Mr. and Mrs. Fred Rechberger, Rand road, east of Elmhurst road, returned Friday from three months abroad. They spent part of the time in Germany and part of the time in Austria, visiting relatives in both places. They were also guests of General Sebree in Munich for a couple of weeks.

Attend youth rally

The junior and senior tuxis of Arlington Heights Presbyterian church, attended the North suburban youth rally Sunday afternoon and evening held at Northminster Presbyterian church, Evanston.

North suburban youth groups rally together twice a year to bring about good fellowship and get ideas on how to better their individual youth groups.

Dr. Wintermute, head of Samaritan House in Chicago, spoke on "The Open Door." Vesper services in the evening were headed by Ralph Osborne, religious educational director of Waukegan Presbyterian church.

Little Flower club holds monthly meeting

The October meeting of Arlington Heights Little Flower club was held at the home of Mrs. Donald Goedke, 321 W. Hawthorne.

The twelve members played cards, and honors went to Mrs. M. Saar, Mrs. M. Wagner, and Mrs. Edwin Weidner. Refreshments served by the hostess included chicken a la king, noodle nests and pineapple salad.

The November 4 meeting will be at the home of Mrs. Andrew Hinsberger. The September meeting was at the home of Mrs. Albert W. Goedke.

Barbary Coast

Barbary coast was the center of piracy from the 14th until the early part of the 19th century.

'Bride, groom' and attendants celebrate golden anniversary

A golden wedding anniversary is an occasion in itself, but when all the attendants of the "bride and groom" are also able to be present, it is something to talk about.

The celebrants were Mr. and Mrs. Irving Quackenbush of Chicago. Mr. and Mrs. George Petersen and Mr. and Mrs. Charles Peters of Arlington Heights were among the guests attending. Mr. Peters and Mr. Petersen were both in the original wedding party.

Mrs. Quackenbush was attended by Mrs. Eva Goodrich, former Arlington Heights resident, as maid of honor, and Mrs. Mary Preiss as bridesmaid. They were also present for the affair, which was held at the Temple Baptist church, Chicago.

Receives degree

The Illinois College of Commerce in Chicago had their convocation October 10 at which Carl E. Scheffe, of Arlington Heights, received the degree of Bachelor of commercial science and higher accounting.

Dr. George Tideman and Mrs. Scheffe were present to see him receive the degree.

Double ring ceremony unites Palatine couple

A double ring ceremony at St. Paul's church, Palatine, September 4, united in marriage Miss Judy Hummel and John Davis. Rev. Glenn G. Gumm officiated.

The new Mrs. Davis is the daughter of Mr. and Mrs. Clarence Hummel of Palatine and Mr. Davis is the son of Mr. and Mrs. Henry Baldwin of Robinson, Ill.

"Because" and "The Lord's Prayer" were sung during the services by Mrs. David Wyatt, accompanied at the organ by Mr. Berg.

The bride was gowned in a dress of white chiffon and lace, styled with fitted bodice, full skirt and train. A crown of seed pearl orange blossoms held her veil in place, and her only jewelry was a pearl necklace, a gift from the bridegroom. White gladioli, centered with pink rose

buds and dropping rose bud streamers, made up her bridal bouquet. Lee Hummel, the bride's brother, gave her in marriage.

Maid of honor was Ruth Hummel, sister of the bride, who wore a dress of aqua taffeta, having off the shoulder neckline, fitted bodice, and a full skirt. She wore matching gloves and carried a bouquet of rumbrum lilies.

Mrs. Arthur Cizek, sister of the bride, Mrs. Charles Baresal and Jean Brinkman acted as bridesmaids. They were dressed in American Beauty taffeta gowns, fashioned as the maid of honor's. Rumbrum lilies made up their bouquets.

The bride's nephew, Eugene Hummel, served as ring bearer. Linda Hummel, small sister of the bride, was flower girl. Gowned in a dress of white taffeta she scattered flower petals as she preceded the bride up the aisle.

The bridegroom was attended by his brother, Howard Davis of Barrington, as best man. Carl and Billy Hummel, brothers of the bride, and Ben Pace served as ushers.

A reception for 250 guests was held at Elk Grove Inn following the ceremony.

Mr. and Mrs. Davis spent part of their honeymoon in Robinson, where they visited the bridegroom's parents, and part of it motoring in Kentucky. They are now at home on Rand road, Palatine.

Due to the election November 2, Merle Guild Post will hold its November business meeting Monday evening, November 1, at Legion hall.

The auxiliary will sponsor a rummage sale at Legion hall November 3. Members attending the Monday evening meeting are asked to bring rummage for this sale. Collections will be made November 2. Call Arlington Heights 76-R.

The social meeting Tuesday evening was attended by eight members, who enjoyed the hospitality of the Auxiliary president.

Turkey supper

A turkey supper, under the sponsorship of the Martha Circle of St. John's Ev. and Ref. church, Arlington Heights, will be held at the church November 3. Supper will be served between 5 and 8 p. m.

Tickets for this affair should be purchased in advance and may be obtained by calling Mrs. Paul Hoffman, Arlington Heights 368-R, or any Martha Circle member. (A6)

Engagement told

Mr. and Mrs. Leo Brommelkamp, Dundee road, Palatine, announce the engagement of their daughter, Shirlee Mae, to Everett F. Dougherty, son of Mrs. H. Morton, Chicago, and E. S. Dougherty, Rand road, Palatine. The wedding date has been set for November 20.

Dougherty served in the navy for four years. Miss Brommelkamp is in her senior year of nurses' training at Sherman hospital, Elgin.

Sponsors for Richard Allen Borg were Mr. and Mrs. Gilbert Stutz and Ernest Wolff. For the R. F. Johnson children the godparents were Mary Martin and Virginia Martin Grode, Robert J. Smith and Irene L. Smith served as sponsors for the Rademacher's son.

Bond sales up

Peacetime sales of Series E Savings Bonds in Illinois passed the billion dollar mark this month. Arnold J. Rau, State Director of the Treasury's U. S. Savings Bonds Division reported that the people of Illinois have purchased \$1,018,270,000 of Series E Bonds since the close of the Victory Loan January 3, 1946.

September E, F and G sales totaled \$39,531,000. Series E accounted for \$28,948,000. Series F, 1,534,000, and Series G, \$9,049,000. E Bonds showed an 11% increase over the same month last year, following the pattern of upturn of the last several months.

FIRST BATHTUB

"One of the first bathtubs in the U. S. was installed in the White House by President Monroe. A typical example of Republican waste of government money," cried the Democrats cheerfully, and when Andrew Jackson came into office, one of his first acts was to get the bathtub removed."

Bazaar October 27

The date of the annual bazaar of the Dorcas Aid of St. Peter Lutheran church, Arlington Hts., is October 27, at 2 p. m., in the school basement.

Lovely handwork done by the ladies will be on sale again in the fancy goods booth. Some of the many articles on sale there will be aprons, pillow cases, bath towels, table linens, and novelties.

A special knick-knack department will feature flowers, figurines and miniature Christmas cribs. The latter are handmade by the husband of one of the Dorcas Aid members.

The baked goods booth will also be a popular place and the grab-bag and rug department are well stocked for the event.

A children's department will display clothing and gifts, and a snack bar will appeal to all desiring refreshments.

Members of the Aid have been busy since last spring preparing to make the bazaar a success. Mrs. Edw. Jannusch, president of the Dorcas Aid, will be ably assisted by Mesdames Herbert Luerssen and Wm. Behn in charge of the fancy goods and knick-knacks; Mesdames Herman Schwolow and George Schimming in charge of the kitchen crew; Mrs. Wm. Kastning, supervising the baked goods and rugs; Mrs. Ed. Grewe taking care of the aprons; Mrs. Ed. Nagel the children's clothes and Mesdames Sam Nordmeier and Wm. Langhorst the grabbag. The public is invited to attend.

To discuss denominations

The evening circle of the Presbyterian Women's Association will meet October 27 at 8 p. m., at the home of Mrs. William Salzman, 402 N. Vail, Arlington Heights.

The program will consist of a discussion on various protestant denominations. The leaders of the discussion will be Mrs. Douglas Brown, who will talk on the Lutheran denomination; Mrs. E. G. Carlisle, Methodist; Miss Marian Elliott, Congregational; and Mrs. Nel L. Bailey, Baptist.

The hostess for the evening will be Mrs. C. Victor Brown.

ARLINGTON HEIGHTS

Dr. and Mrs. Paul C. Geisel, Mr. and Mrs. William L. Milligan, Mrs. Alfred Jasper, and Mrs. Harry Schult attended the Eastern Star meeting at Rogers Park Monday evening. They witnessed the initiation of Dr. Geisel's sister-in-law, Mrs. William Geisel.

The sixth birthday of Kenneth Witt, son of Mr. and Mrs. Harold Witt, will be celebrated Tuesday afternoon with a party for a few of his close friends.

Dr. and Mrs. H. Paul Carstens will be dinner guests Saturday evening of Mr. and Mrs. C. Henry Kramer in River Forest.

Mr. and Mrs. A. J. Drew of Brooklyn, N. Y., are arriving today, Thursday, to spend a week with their son and family, the Theodore Drews.

A family dinner party last week, Thursday, celebrated the thirty-fourth wedding anniversary of Mr. and Mrs. W. H. Grisler Sr.

Mrs. Paul Fellingham is spending this week in Detroit, Mich., where she is visiting her parents and her two sisters.

Merrilee Moehling, daughter of Mr. and Mrs. Elmer Moehling, was four years old October 20. A dinner party was held Sunday in honor of the occasion, with relatives and friends attending. Out-of-town guests were Mr. and Mrs. Parker Armstrong and daughters of Chicago.

Mrs. Don B. Stockdale and son, Tom, returned last week from a trip by plane to Washington, D. C. and New York City.

Mrs. Walter G. Edelblute entertained Wednesday evening at a pink and blue shower in honor of Mrs. Daniel Krebsbach. After the opening of gifts for the baby-to-be, the 12 guests played bridge, which was followed by a dessert luncheon.

Mrs. Stanley Woznick was hostess to her bridge club Wednesday afternoon. A dessert luncheon preceded the card game.

This past week Stephen J. Csaniadi of Arlington Appliance and Electric store took a course in commercial, industrial, and school lighting at the General Electric Institute in Cleveland, Ohio. This course was sponsored by General Electric Supply Corporation.

Mrs. William Luehring entertained her "500" club Friday night. The group celebrated Mrs. Albert Kost's birthday at this time. High honor was won by Mrs. Floyd Dobbins.

Seven guests who attended the Policeman's ball Saturday night enjoyed a buffet supper after the dance at the home of Miss Hattie Elendt, 114 S. State road. Guests were Mr. and Mrs. James Hurley (Bernice Bornkamp) of Oak Park, Mr. and Mrs. Kurt Meyer, Mrs. Anna Adams, Miss Gertrude Bornkamp and Claude Markstrom. Miss Bornkamp and Mr. Markstrom will be married December 4.

Mrs. Vance L. Folkman entertained her pinocle club last week, Thursday. Honors went to Mrs. George Reznor and Mrs. Erwin Jiran.

Mr. and Mrs. Thomas Nickell, who have been making their home for the past year with their daughter and family, the Guy Davis', are enjoying a vacation in their old home town of Omaha, Nebr. They expect to be gone for three or four weeks.

Mr. and Mrs. George Gaere Sr. visited their son, George, last week end at Valparaiso university. George is a member of the varsity football squad.

Mrs. R. J. Rizzi entertained her pinocle club Tuesday evening. Honors were won by Mesdames Mildred Busse, Ethel Stoike, and Marie Rizzi.

Week end guests of Mr. and Mrs. Dewey Beck were Mr. and Mrs. James Beck of Kokomo, Ind. They were accompanied by Mr. Beck's mother, Mrs. J. A. Beck, of Erwin, Tenn., who is remaining with the Dewey Becks for an extended visit.

Mr. and Mrs. Mark Cleaver will entertain two of Mrs. Cleaver's aunts, who reside in Cedar Rapids, Iowa, over this coming week end.

Friday afternoon Jimmy Drew, son of Mr. and Mrs. Theodore Drew, will celebrate his sixth birthday with a party for several of his close playmates.

Mr. and Mrs. A. D. Hines spent the week end in Chicago as guests of Mr. and Mrs. Alan Reinshagen. While there they celebrated Mr. Hines' and Mrs. Reinshagen's birthdays.

A guest this week at the home of Mr. and Mrs. William Duenn Sr. is their daughter, Mrs. Frank Beatty, of Amberg, Wis.

Miss Fay Johnson spent the past week end in Iowa City, Iowa, where she attended the Purdue-Iowa football game. She was a guest of her brother, Gordon Johnson, who is a freshman at the college.

BOYS and GIRLS... HURRY!

Only a **SHORT TIME LEFT**

for you to enter the "Our Landmarks" Essay Contest

WHAT'S your favorite Illinois landmark in the "OUR LANDMARKS" collection? A 150-word essay about it may win you one of the many fine prizes offered by the Public Service Company in the "OUR LANDMARKS" Essay Contest. We're sponsoring this essay contest to encourage interest in the fascinating historical lore of our own Northern Illinois.

One landmark in this collection on exhibition, (only until October 31, at the Chicago Historical Society) will seem particularly interesting and significant to you. Write about it, in 150 words or less, and you'll have a chance to win one of the 15 newest model Zenith FM-AM Table Radios, or one of 15 Philco Transistor Battery-AC-DC Portable Radios, or one of 120 \$25.00 Security Bonds.

Read the easy-to-follow instructions below, and get your essay in the mail before midnight, November 10, 1948. Remember, you'll be competing with boys and girls in your own age group, so everyone has an equal chance to win.

- Rules**
1. After seeing the fifty water colors "OUR LANDMARKS" on display throughout October, 1948, at the Chicago Historical Society (Hours, 9:30 to 4:30 on weekdays, including Saturdays; 12:30 to 5:30 on Sundays, Admission is always free to school children in Lincoln Park, corner of North and Clark, Chicago, write 150 words or less on your favorite landmark, giving reasons why it appealed to you. Your essay must be written on the official entry blank obtainable only at the Information Desk, Chicago Historical Society.
 2. Mail your essay to: Board of Judges, "OUR LANDMARKS" Essay Contest, 6 North Michigan Avenue, Chicago 2, Illinois.
 3. Essays will be judged on originality, suitability, and aptness of thought. Decisions of the judges are final. Duplicate prizes in case of ties. All essays, contents and ideas contained therein become the property of Public Service Company of Northern Illinois and none will be returned.
 4. Essays will be notified by mail shortly after the close of the contest. Complete list of prize winners' names will be posted in all Public Service stores and the Service Bulletin.
 5. REMEMBER—your essay must be written on the official entry blank obtainable only at the Information Desk, Chicago Historical Society.

It's EASY to Enter — Nothing to Buy!

Here's what you do to enter the "OUR LANDMARKS" Essay Contest

This T-formation a sure bet for national honors

A statistical friends who edits Tax Outlook for Tax Foundation assures the Taxpayers' Federation of Illinois that he can pick the 1948 football champion. This outfit, he says, will be at least 92 times as successful as any other club. He's talking dollar success, of course, and his sure-shot bet is a powerhouse squad of Tax Collectors, a T (for Treasury) — formation crowd spearheaded by the Internal Revenue Bureau and supported by some fast state and local men.

"On the basis of their '47 take — upwards of \$18 million — all other champs are chumps," he

says. "Maybe a few big college teams will bank a couple hundred thousand after expenses and taxes. As for the pros, their haul is pitiful by comparison. The Cleveland Browns, top dogs in '46, netted just ten and a half grand from a gross gate of better than a million bucks in that season."

Here's roughly how our friend figures it from 1947 data. Some 496 major college contests, averaging about 25,000 spectators each, would draw 12,400,000 fans. At around \$3 per ticket, the 20 per cent Federal admissions taxes would be \$7,450,000.

The two big-time pro leagues played before about 4 million fans last year. Call it another \$2 million in admission taxes.

Then there's minor football — pros like the American Football League 700,000 fans last year, small colleges, high schools and sand-lot pros. Count on 7 million spectators paying a minimum

of \$3 million in admissions taxes. Altogether that's 21.4 million paying fans. If in traveling to the game they average 20 miles a round trip their mileage would total 49,817 million miles. By air, bus or train the Federal transportation tax is 15 per cent. By

auto, gasoline taxes would yield as high as higher returns. Figure this at \$2 million. Taxes on liquor consumed at the game — at one "fifth" per 20 fans — would yield at least \$2 million.

Income taxes in the industry (with gross receipts of \$65 mil-

ion) might be \$1½ million — exercise taxes on equipment, another \$¼ million. That about covers the list of football taxes. They add up to \$18¼ million.

Our man mentioned one more figure before he was taken away. This tax take of \$18¼ million

would run the Federal government for 1 hour and 27.7 minutes at current rates — about the actual time it takes to play a football game.

On the sidelines

by MARVIN PRELLBERG

"No more vacations for the Arlington squad this week." Those were the words of Coach Curtis Larsen after the Cards had laid off scrimmaging for two straight weeks. The reason for laying off scrimmaging for those two weeks was to reduce the injuries, but this has seemed to hurt the squad rather than help them.

Monday the Cards went through their blocking assignments with the stress being put on pass protection. Bill Robinson's ability to hit his receivers from 20 to 30 yards out hasn't paid off yet, due to difficulty in getting the blocking assignments. Most of the week was used in scrimmaging with Thursday being a little breathing period.

It appears as though Arlington will run up against a top-notch passing team in Niles tomorrow. The Trojans can also boast of some fine runners in Paul Heninger and Don Seigel. Niles lost to Blue Island last week, but that was no disgrace since the teams in that area are really rugged. Take Argo as an example, which whipped Kankakee 39-0. The Trojans will be gunning for us doubly this week because of last year's defeat which knocked them out of the conference race.

Arlington's Frosh-Soph team is developing into a great team this year as witnessed by a 41-0 triumph over Belvidere last week. This fine team will provide the preliminary action Friday at 6:15 against Niles' Frosh-Soph.

All "A" men, who have some time or other made a varsity letter at Arlington, should quickly send in their name to Mr. Wally Grace to apply for a reserved seat at tomorrow night's game. Send the name to Mr. Wally Grace, c/o Arlington High School, Arlington Heights, Ill.

Mary Berschet, all-conference player last year on Heights' football team, is on the injured list at Illinois. He suffered a broken nose recently at Illinois while playing football.

Page snags five in 14-0 Coe win over Cornell

Chuck Page, of Arlington Heights, star sophomore end on the Coe college football team, caught five of Coe's seven passes for 95 of the 105 yards the Kohawks gained through the air against Cornell college last Saturday.

The Coe-Cornell rivalry, one of the oldest and most hotly contested in the Middle West, started in 1891.

Cornell won the 1948 version, 14-0, although Coe topped their ancient rivals in ever statistical department. Page alone covered more yards on passes than Cornell which had a total of 76 yards through the air.

Coe gained 112 yards on the ground to 105 for Cornell. The Cornellians, however, made two scoring jabs in the second period to win the game.

This Saturday, the Kohawks meet another Iowa opponent, Grinnell at Grinnell. Page has not been named in the starting lineup for the Kohawks as yet this season although he replaces the veteran Squib Collins most of the time when Coe is on the offensive.

Cards host to Niles 4 times this Friday

Bensenville's Bisons play host Friday night to Palatine's Pirates in the annual DuPage county school's homecoming celebration. The Bisons started slow this season, but appear to be coming up fast. Greenhorns on the team appear to be learning much by experience and gaining veteran status rapidly. Last week's 7-7 tie of Grant bears this out, with the Fox Lake aggregation rated a veteran squad with plenty of lettermen returning.

THE PIRATES, on the other hand, started fast but slowed down by the time the conference started. Spirit prevalent the first three contests, melted for the Antioch game. Barrington proved too good for Palatine last week, 38-0.

Thus, the Bisons rate the edge in this week's game, with homecoming excitement sure to put added zest to the action. Comparative scores would also give Coach Meneguin's boys the edge.

ARLINGTON plays host to Niles Friday night in their quest for victory number three on the home field. The Cards played heads up ball last week in beating Belvidere, and have plans to take Niles into camp this week.

Friday is a big day for the athletic department at Heights, with four local teams competing against Niles. Frosh-sophs will oppose each other in the preliminary to the varsity contest, with the frosh squads of the two schools competing at Arlington in the afternoon.

Cross-country teams will also vie for honors when the Trojans come to Heights Friday afternoon.

Bears' big test Sunday

Chicago Bears looked more like the Cubs Sunday afternoon against Detroit insofar as power goes, but local fans knew they were saving their bag of tricks to use this coming weekend against the high-flying Philadelphia Eagles.

The Eagles hold a pair of 45-0 victories under their claws gained at the expense of New York and Washington. Because of these two wins, coupled with the drawing power of the Bears, a capacity crowd is assured for Sunday's game in the Quaker city.

Bobby Layne was given his greatest opportunity in Sunday's game to show his ability before 39,000 fans, but failed to connect on seven of his nine tosses. Luckman saw limited service while Lujack saw just an average amount of duty.

Coach George Halas' men have their work cut out for them Sunday. The Eagles have just one loss, to date, and that a close contest to the Cardinals.

Bisons tie Grant

Bensenville's Bisons tied Grant Saturday in an evening tussle at Fox Lake, 7-7. The Bisons opened the scoring early in the second period with an end around dash by Des Lauries for 30 yards and pay dirt. Vuglar kicked the extra point.

Grant tallied in the third quarter after a series of plays following a blocked punt. Only the scoring opportunity for either team was stepped on the two yard stripe when the Bisons were penalized 15 yards for holding.

Two games in the Northwest Conference this past week give important indications concerning the league championship. Barrington's 38-0 victory over Palatine following a 26-0 conquest of Bensenville stamps the Bronchos as not only the odds on favorite, but also as one of the best ball clubs the league has produced in the past 10 years. We have not seen a much stronger outfit in the Northwest conference than that which romped over Palatine Saturday.

Grant-Bensenville tie raises Barrington stock

Grant was lucky to tie Bensenville Saturday night. Either this means that Grant is not nearly as strong as rated, or else Barrington, who toyed with Bensenville two weeks ago, is out of the class of the rest of the teams. We are inclined to think that the latter situation is the true picture.

Football prospects at Palatine bright with good Frosh-Soph showing

To get out of last place Palatine must beat Bensenville down the field Friday night. On the basis of home field and last week's showing Bensenville's Bisons must be accorded a slight edge. A frosh-soph game starts at 6:00. Barrington and Palatine yearlings tied, 6-6, last Saturday. The week before Barrington and Bensenville frosh-sophs tied. That means another very tight junior game for Friday.

The most hopeful note in football at Palatine that has appeared since the sport started there,

is the fact that the young Pirates can this year hold their own with Bensenville and Barrington.

Barrington after 3rd league victim at Homecoming

In other games this week Grant has the edge in a close game at Antioch Friday night and Barrington, with homecoming to urge them on, will probably annihilate Northbrook's Vikings. Up in the North Suburban League Crystal Lake's leading Tigers are favored over two victorious Woodstock, Warren is a top heavy bet to whip Grayslake, while Zion, on the strength of two straight wins, should nip an above average Libertyville eleven.

Leyden looks like class of Northeast trio

The three Northeast Conference schools finally will get together to decide who is the best team of a very strong trio. Niles plays at Arlington Heights Friday. Our guess is that Niles will nose out the Cardinals but will in turn lose when the Trojans play at Leyden the following Friday. Leyden has beaten Riverside, Bensenville, Glenbard and York, and lost by one touchdown to Elgin. This week they are due to drub Downers Grove. Coach Bajan has the finest team in Leyden history.

North Suburban

Chicago Cards host to Boston

Chicago Cardinals, still dreaming about Sunday's 63-35 victory at New York, come back to reality Sunday afternoon at Comiskey Park when they play host to the Boston Yanks.

The Cards are just one notch behind the Bears for western division honors in the National professional football league, and must keep pace with their cross-town rivals to keep their title defense alive.

BOTH CARDS and Giants appeared to concentrate on offense Sunday as fourteen touchdowns were racked up on the score board. They should have another easy game this week against the Yanks.

After Sunday the Cards travel to California to meet the Rams in Los Angeles.

Scoring in every quarter, Barrington's title bound Bronchos ran over Palatine's Pirates, 38-0, Saturday, before a record Palatine homecoming crowd of 800 spectators. The Bronchos packed so much punch in running, passing, and defensive play that the result was never in doubt. Palatine put up a stiff fight during the first half, which ended 13-0, but failed to gain a first down in the second half when the game became a rout.

Barrington scored before Palatine had the ball in the opening quarter. Starting on their own 36 yard line the Bronchos scored in 10 running plays, with a total of 79 yards gained, including a 15 yard penalty. Kranz went over from the nine yard line through Palatine's left tackle. Kranz had runs of 10, 11, and 13 yards in the series prior to his scoring plunge. Palatine made three of their four first downs in the first quarter, all made on passes.

The Bronchos had to travel only 28 yards for their second score due to a long run back of a punt by Frey. John Hansen scored the touchdown from the three yard line and Kranz kicked the conversion. In the third period Barrington scored three times.

Bronchos score three times in third period

The second half started with Palatine receiving, and failing to gain, punting only five yards. Barrington took the ball on the Pirate, 19 yard line but finished later on the one yard line and Palatine recovered. Palatine punted out to the 34 yard line but Krang ran 20 yards through the middle of the line and then Shuett went through the same spot 14 more to score. Barrington converted. After a Barrington kicked off, Palatine tossed a pass which big John Hansen of the Bronchos intercepted and ran 40 yards to score. Barrington kicked off again but Palatine fumbled on the second play and Barrington recovered. On the third play, Frey passed to Hick 20 yards in the end zone. The sixth touchdown was set up on a 30 George Hansen scored on a seven yard pass from Hansen to Roake yard plunge.

Kranz and John Hansen were (Continued on Page 10)

Loeber tackles Baumann as Broncs win

Bauman of Barrington is tackled by Loeber of Palatine after a ten yard end run in the opening quarter of the Palatine-Barrington homecoming game. Don Schroeder (34) and teammate Louis Frappier of Palatine, and Frey (22) of Barrington are also seen. Barrington scored in every quarter to dampen Palatine spirits, 38-0. —Hammer photo

Cubs win '49 pennant - it's only a dream

by BILL REGAN

I've been a Cub fan for longer than I can remember. This past season I listened to Bert Wilson's broadcast 30 times, so when I talk about the Cubs, I mean what I say.

Now here's what we do: First we trade Charlie Grimm for Billy Southworth, in a man for man deal. Grimm is a better fielding first baseman than Southworth ever was, but we don't use Southworth at first — we make him manager.

Then we hire Jerry Giesler away from Bob Mitchum and have him prove to Commissioner Chandler that we really meant to pick Marty Marion, not Bob Sturgeon, back in 1940. We put Marion at short.

Geisler then sues Sam Breadon for the \$120,000 we gave him in 1938 for Dizzy Dean. With \$120,000 we buy the pitching staff of the Philadelphia Athletics.

Now the Chicago baseball writers spread the word that Joe DiMaggio, Ted Williams, and Ralph Kiner are through in the majors. When this reaches the eastern magnates, they drop these players and we snatch them at the waiver price. There's our outfield.

Finally, we trade Schmitz for third baseman Dillinger of the Brownies, Pakko for Tommy Holmes, and Roy Smalley for Stan Musial.

I feel the Cub batboy should be retained. We can find a place for the rest of the roster on the ground crew, or sell them to the White Sox.

We can get Harnett back to catch. This plan gives us six 300 hitters and the home run and batting champs of both leagues. Save me two boxes for the '49 series!

Rockets back with Dodgers Sunday

Chicago Rockets will be gunning for their second victory of the season Sunday afternoon hoping for revenge against the Brooklyn Dodgers.

The Dodgers outscored the Rockets Friday night to gain their first win of the year. Locals pulled a surprise win over Baltimore early in the season, but since that time have met with little success.

After Sunday's game at Soldier Field, the Rockets go back east to meet the New York Yankees October 31. This game was originally slated for Chicago.

Northwest Conference

	W	L	T	Pts.	Opp.

Cards slip past Belvidere, 19-13

by MARVIN PRELLBERG

Although outgained in almost every department, the Arlington Varsity football team managed to slip by a spirited Belvidere team and come out the victor by a 19-13 count after four quarters of rugged play, in a game held last Friday on the Bucs' field.

The officials really had their whistles blowing in this game as a total of 180 yards in penalties were called on both sides during the game. The Cards were the bad boys of the night with 100 yards in penalties called against them. This is one reason why Arlington did not dominate the scoring more, for every time the Cards did get going, penalties would set them back.

The Cards had the upper hand all the way through the first period, thanks to a long kick-off by Doug Gilman which was downed on the 5 by a hard charging line. The Bucs failed to make much yardage during the first four minutes and as a result had to punt. Bob Kolar got off a high

wobbly kick against the wind and the kick was downed on the Bucs' 28 yard line, the punt netting 18 yards.

After four plays, with Charlie Fischer doing the brunt of the work, Arlington moved up to the 10 yard stripe for a first down. After a pass had failed, Gordon Busse took the handoff and raced 10 yards around right end for a touchdown. Ken Bork kicked the conversion, and the Cardinals were out in front, 7-0.

THIS LEAD was soon withered down in the second quarter, however, as Belvidere, led by the running of Jack Ross and Tom Keating, smacked up to the Cards' 1-foot line where Galaster smashed through for the score. Kolar kicked the extra point, and the half ended shortly with the score knotted up in a 7-7 count.

Coach Larsen used some good strategy, beginning the second half when he elected to kick off so that Arlington would have the wind at its back. The Bucs failed to make much gain and on the

fourth down Kolar punted from his own 15, the ball going out of bounds on the 29 yard line. Fischer broke through on a quick opener up to the 1 yard line for a first down. He ran again up to the 5 and on third down Augie Krause burst through for the TD. The conversion try was missed and Arlington once again held the lead, 13-7.

ARLINGTON scored its last and winning tally in this same quarter. On fourth down, after three straight passes had failed, Kolar dropped back in punt formation on his own 25 yard marker, but Arlington's tough left tackle, John Deininger, broke through and blocked the kick. The ball rolled crazily around towards Belvidere's end zone, and after several players had failed to jump on the bounding ball, Bill Wieser, Cardinal center, got on it in the end zone for a touchdown. Bork's placement kick was wide and Arlington held the lead, 19-7, when the quarter ended.

The Bucs came fighting back in the final period and scored one touchdown and were on the verge of another until Bill Robinson came through with a timely interception as the game ended. Their touchdown in this frame was tallied after a 66 yard march. It was accomplished on a 16 yard pass from Kolar to Clare Grubb in the end zone, but one score was not enough and as a result the local team came out as the winner of its third contest by a 19-13 final tally.

This Friday night at Arlington, the Cards tangle with a tough Niles team, with a preliminary tilt slated for 6:15 bringing Arlington's and Niles' Frosh-Soph teams together.

THE VARSITY squad was not the only winner at Belvidere last week, for Arlington's top-notch Frosh-Soph team ripped through Belvidere's Frosh-Soph squad to the tune of 41-0.

Although penalized severely, the Cards proved their superiority by chalking up 6 TD's and 5 extra points for a 41 point total. Harry Griffith led the locals' offensive threat with 16 points on two touchdowns and 4 place-

Card Frosh lose to Crystal Lake and Libertyville

Last Friday the Arlington Heights frosh gridders traveled to Crystal Lake to play the preliminary game at Crystal Lake's homecoming. The Crystal Lake boys outweighed and outplayed the Card frosh in every department of the game. Blocked punts set up the opportunities for two touchdowns Crystal Lake made in the first quarter. Crystal Lake got two more touchdowns in the latter part of the game when the Arlington Heights team visibly weakened before the drive of the home team. The final score was 26 to 0.

Tuesday the local yearlings traveled to Libertyville where they were defeated again 21 to 0. Except for several nice gains by Walton and a pass from Crockett to Barkhausen that nearly went for a touchdown, the Arlington Heights team showed very little life. Good blocking and tackling was rarely shown by the Arlington boys who just couldn't get going.

The Arlington Frosh will wind up this year's season Friday, playing the powerful Niles Frosh in an afternoon game.

CORRECTION

"And then there was the small Wisconsin town that printed the following correction in the local paper, 'Our paper carried the notice last week that Mr. John Jones is a defective on the police force. This was a typographical error. Mr. Jones is really a detective in the police force.'"

Blind Ads
A 25c service charge will be made for all ads when replies are to be received thru this newspaper.

Deadline
For all advertising on classified page is Wednesday noon. All ads received afterwards will appear in "Too Late To Classify" column. Arlington Heights, Ill. Phone 1520

Half of marriages by '80 will end in divorce, says N. U.

By 1970 or '80, America's divorce rate will have risen 50 per cent of the marriages, if present trends continue, a Northwestern University sociologist said.
"The instability of the family is merely a part of the general instability of society," he said. "People no longer cling to the family group when the city offers many and diversified interests. The family living in a suburb, with the father in business in the metropolitan center, finds that the mother becomes the dominant figure, and assumes leadership in community activities. Her husband's interests are almost entirely with his business. Often he does not know the neighbors who are his wife's friends."
The whole pattern of social life has become more disorganized than it was in the days of the colonial family, Prof. Mower pointed out. The family formerly performed multiple functions, such as educational, economic, and recreational. Its function now is only an "affectional" one. The interests and ambitions of the individual have become paramount in modern life. The family has come to serve these personal desires. If it ceases to serve them, it is dissolved.

Gaetana, Peter, Frank and Rose Calcagno have sued the Public Service Co. of Northern Illinois in the Circuit court for a total of \$70,000 for injuries in an automobile accident. They were passengers Aug. 18 in Peter's car, being driven north on Skokie blvd at Simpson street, Skokie.

It is alleged that the Public Service car being driven south suddenly turned left without warning and caused a collision. Gaetana and Rose ask \$25,000 each for injuries and Peter and Frank \$10,000 each.

PERFECT SERVICE!

Japan

Stephen J. Chabreck, son of Mr. and Mrs. Joseph Chabreck, of Arlington Heights, completed the Clerk Typist MOS 405 course at the army school system operated by the Keio School Command of the Eighth Army and was awarded a certificate of completion at the school Sept. 21, 1948.
Soldiers stationed in all parts of the Far East Command are taking courses at the Keio School Command in clerical work, radio and radar operation and maintenance and other Signal Corps subjects, cooking and baking, machine shop work, carpentry and other trade subjects under army instructors. The buildings, which formerly housed one of Japan's largest universities are now thronged by hundreds of soldiers who study various subjects which will help their careers both in the army and in civilian life.

Stephen J. Chabreck has been stationed in Japan since May 28, 1948. He entered the Army Feb. 9, 1948.

Private Raymond R. Sorensen, son of Mr. and Mrs. Martin Sorensen of Route 2, Palatine, was recently awarded the Occupation Medal for his duty with the headquarters Company 4th Engineer Construction Group, Kyoto, Japan.

Pvt. Sorensen entered the Army on September 15, 1946 and after completing signal basic training at Fort Dix, New Jersey, he was sent to Japan in November 1946. Upon his arrival in Japan he served with the 58th Signal Battalion in Kyoto un-

Guam

Marine Private First Class Harold Leham, 19, son of Mr. and Mrs. P. Leham, Arlington Heights, recently qualified as a carbine marksman by firing a score of 235 out of a possible 275 at the First Provisional Marine Brigade rifle range here. Private First Class Leham is serving with Engineer Co., Special Troops battalion.
Prior to his enlistment in the Marine Corps in November, 1947, Marine Leham was employed by the International Harvester Co., as a Diesel and gasoline mechanic.

320 WEST NORTHWEST HWY., ARLINGTON HEIGHTS 88

Oklahoma

Recruit Norman B. Busse, son of Mr. and Mrs. Elmer Busse, 836 N. Mitchell, Arlington Heights, completed basic training at the nation's Artillery Center and has been assigned to the 37th Regimental Combat Team, now stationed at Fort Sill, Okla.

Recruit Busse will report to his new organization when he returns from a 10 day furlough, which he is spending with his family in Arlington Heights.
While undergoing training he was a member of Fort Sill's Training Battalion, composed entirely of 18 year olds who joined up under the Army's voluntary one year enlistment program. Instruction in the Training Battalion was conducted under the system perfected by UMT Experiments.

JUST AROUND THE CORNER

Dear Jane:

Monday, October 18—the day of the first heavy frost AND Edward's tenth birthday anniversary.

I think Edward was somewhat disgruntled this morning, for his family forgot to greet him with birthday wishes upon his arrival at the breakfast table. I tried to ease the tension by reminding him that actually we had been celebrating the occasion for two entire days, and that quite naturally when thereal "day" arrived it was somewhat of an anti-climax.

His face brightened when I recalled the first celebration on Friday night at dinner with Jack home for an over-night from school, and the next celebration with Patty and Bob and the rest of the family on Sunday. Just the same he cautioned me to be on time to pick him up immediately after school today, so he could go to his Godmother's house for the surprise she always has in store for him. Understandably, birthdays are very important and welcomed when one is only ten.

Yes, this is the day of the first heavy frost. At least, what was only yesterday a sweet little garden of annuals, says so this morning. The petunias are sadly wilted, and the morning glory vine, with its half open flowers, hangs limp over the dinner bell post. The portulaca in the rock garden that yesterday looked like a gayly colored blanket lying out in the sun, is drab and colorless today.

The only thing that cheers me is my thought of the bulbs that I have tucked away for their winter's snooze in our garden. The tulips and daffodils are a wedding anniversary present from a favorite cousin, and the hyacinths, crocus, narcissus and iris was the gift of my favorite lawyer on the same occasion.

We had quite a discussion as to the proper planting procedure. I had previously read that tulip bulbs should be planted from ten to twelve inches deep if they are to remain in the same spot for several years. Rob was under the impression that this depth isn't necessary, and I had to search for the article before we could proceed with the digging. (I've learned over the years that you simply MUST PROVE everything to men of the law!) And did you know, too, that if you intend to use your tulips for bouquets you should set aside a

bed for this purpose, and never, never cut the flowers in the permanent bed. The blooms and stems should be allowed to mature and dry as they will so that all the nourishment will descend down into the bulb that will become the following year's flower. When the petals drop off and the stems turn yellowish and dry you can then pull them off at the base. So say those in the know.

Did you know that your perennials will benefit immensely from the protection of mulch? Instead of burning those beautifully colored leaves that are falling so rapidly these days, put them in a container near your perennials, and later on, when a firm crust has formed on the surface of the ground, spread your collection around the plants. Better still, if you can obtain some straw manure for this purpose, you will have a much improved garden come Spring.

Old Man Frost didn't get our geraniums this year, I am happy to say. Three weeks ago I started to dig up a plant or two

at a time and set them about on the terrace. Then last week I reluctantly removed the geraniums from the window boxes and potted them so that the first signs of frost could be brought indoors. The last of them came in Saturday, and only a day too soon.

I must say the old-fashioned iron plant stand is a beautiful sight to see this morning. It stands in front of the French door leading out to the little porch on the east side of our bedroom. It is painted white, is four tiered and semi-circle in shape. It is a mass of color, with its clay pots filled with red, white and two shades of pink geraniums and deep rose begonias.

If you are like me and find it difficult to be cheery upon rising in the mornings, try having a few flowering plants on your bedroom window sills—they can help a lot to turn a frown into a smile.

With love,
Mary.

It Happened Here

It was the coal man and he was loquacious, he had a grievance. "Sometimes we deliver coal in sacks, a ton, two tons or whatever, but the sacks don't weigh the same, of course. There was one woman who would sit in her window and count the sacks, figuring so many sacks to a ton, and if the sacks ran short of her count, she'd complain she'd been gyped. It made me sore, so one day I delivered her coal and when she'd reached her count I let her pay for the ton; then I said, 'There's three more sacks out there you can have if you want.' 'Where are they?' she asked sort of greedily. 'Well, you paid for 'em,' I said, 'but if you think you've got your ton, O. K.' She never counted again." The lady was passing a small house when the front door burst violently open and a young child ran out and threw a bunch of keys onto the sidewalk. The lady walked on, hesitated, turned back and rescued the keys; knocking at the door she was confronted by a tired looking woman. "Are these your keys?" she asked. The woman took them and said they certainly were. After explanations she said, "I can't think what possessed her; just suppose they had fallen into the hands of some thief! Well, she won't do that again."

Brides to be

Marriage licenses for the following residents of the North suburbs were issued this week by County Clerk Michael J. Flynn:

Richard G. Jahn, Arlington Heights, and Lois M. Koehnig, Chicago.

Gerald L. Beyer and Mary English, both Barrington.

James G. Davis, and Gloria Westberg, both Skokie.

Gilbert J. Hayes and Shirley Nelson, both Palatine.

Byron A. Schiller and Marian Harding, both Arlington Heights.

Wallace Templeton Jr., Northbrook and Clara Curtis, Chicago.

Alfred W. Mundt, Chicago, Elaine Sanders, Mt. Prospect.

Ronald H. Campbell, Mt. Prospect, Nancy Davinger, Chicago.

Rudolf C. Abel, Techny, and Patricia Daugherty, Glenview.

James D. Rickards, Glenview, Betty Van Horne, Glenview.

Vernon L. Bryant, Glenview, Irene Stammer, Chicago.

James W. Watt, Morton Grove, and Dorothy E. James, Chicago.

James Eck, Des Plaines, and Carol Schroeder, Park Ridge.

W. Shannon Hughes, Indianapolis, Marianne Hanson, Skokie.

Roger E. Diebold, Winnetka, Jane Frothingham, Northfield.

Carl S. Jensen, Chicago, and Lois Hill, Des Plaines.

TALES

OF THE

STREET

THE FLYING TRAINER

One day recently at Hawthorne race track we saw a trainer saddle a horse for the feature sixth race. The same afternoon he had also saddled one for the first race at Belmont park, New York.

If that isn't getting around the country in a hurry, we don't know what is. If there had been racing at Omaha the same time, we expect the fellow would have hopped another plane to saddle another entry in the eighth race at Omaha.

SEEING THE GAME

That guy Sully doesn't have a chance to do much business these fall Saturday afternoons. The boys drop in to see football games on television, and when they want to hop from one game to another, calls for Sully are loud and insistent. Sully must run and tune the thing in right so the boys can get a clear picture of the game.

Television certainly is a far cry from the days when kids gathered round the depot when the quarter-to-eight pulled in to see if a friendly trainman would drop off a paper so we could get scores of big college games.

Some changes have been made, all right. Now the boys drop in to Sully's to see the game played and hear a description. It's almost the same as being right in the stands.

The loud speaker at the race track, with its running description of the races, was unheard of at one time. Horses went so fast a fan couldn't even keep up with a jockey's colors, but had to wait 'til the horses flashed by the finish before the winner could be determined.

Now a running description tells where each horse is, and which is moving up in the stretch. Even photo finishes help eliminate any doubt over close races.

DOES IT PAY?

It has been reported that Sandwich, Illinois, one of the first small towns to install parking meters, has had the things yanked out.

It seems town businessmen realized their business was going elsewhere, and they put the heat on city fathers to throw out the meters.

In a survey of Arlington Heights streets a couple of afternoons, we were satisfied enough people from Palatine were pouring more money into Arlington Heights business houses than the village of Palatine was receiving from grabbing pennies and nickels.

We talked to a Park Ridge alderman the other day who said, "You've heard lots of high sounding talk about traffic control in this parking meter business. We've got them. It's the money every town is after, and

nothing else."

With that frank admission from a city official, it's more apparent than ever armless bandits are not necessary, that this traffic regulation stuff is the bunk, and enforced they can do the same job as parking meters (minus the money take, of course).

Arlington Heights and Palatine have always been keen rivals, and Palatine has always boasted it could do anything Arlington tried, but in the parking meter business Arlington boys have certainly put one over on Palatine lads.

Arlington, with a one-hour parking ordinance, is making it work. Palatine had a two-hour parking ordinance it never tried to make "stick," but the town fell hard for the "man in the white hat" who gave a glowing account of sudden riches for Palatine at the expense of local people who wanted to patronize local business houses.

If enforced, the old parking ordinance would have done all the parking meters are supposed to do for "fluidity" of traffic.

NEW DEPOT

The new Chicago, Northwestern depot is under way, and when completed, will be the envy of every town along the Wisconsin division.

"It's being built so substantially," one bystander remarked, "it's evident the C and NW does not intend to build another depot in Palatine in another hundred years."

But building a new depot is no excuse for the railroad to violate village ordinances as happens nearly every morning when trains pass in the station area while one train is loading or when two fast trains whiz through town. Many autoists and pedestrians have had narrow escapes this summer.

HELD UP

Once again Cook county taxing bodies will try to get along without cash.

Tax objections have again caused withholding of much money from local taxing units to protect those objectors.

In Palatine, \$5,400 has been held from the village, \$2,100 from the township and \$400 from the rural fire protection district. These amounts are being withheld on objections to tax rates only, and have nothing to do with valuation objections before the board of tax appeals.

WAITING

One Sunday morning this fall we went to take the 9:23 to Chicago, and there was John Senne waiting for a train.

"What time does a train go to the city?" he asked. "9:23," we replied. "I've been waiting

Busy street held threat to safety of kids and park bond issue in Arlington

PARK DISTRICT

Publicity regarding the coming \$120,000 Park District Bond Issue, to be voted on by Arlington Heights residents next week, has in general terms implied that the Park Board has agreed on plans for future development and expansion of the Arlington Heights Park System. Actually, the publicity so far has not presented the complete picture of viewpoints of some Park Commissioners.

In the spirit of American principles both sides to the question should be presented to the residents of the Park District before they vote on the issue. First of all, the decision in the Park Board meeting to hold a \$120,000 bond issue referendum was not a unanimous decision. After debate the vote was three for and one against, with one member, who in previous meetings had voiced his disapproval, not present, being out of town. The issue was passed by the slimmest margin possible, three votes in favor being required.

Unfortunately the voter must cast his ballot to approve or reject the entire proposal, even though he may favor or not approve certain parts of the entire program. He cannot vote for the issues he believes worthwhile and against those he considers undesirable. It is a case of all or nothing.

During past meetings the Park Board discussions and planning resulted in unanimous agreement on some points and complete disagreement on others.

Although I approve the land acquisition for a park near the South public school, acquisition of land adjacent to present Recreation park for auto parking, improvement of the park land in the Northwest section of town, improvement of the railroad fields, and lights for the baseball fields, I was not in favor of asking the voters to approve the expenditure of \$30,000 for a park vaguely described in publicity as for the Southeast area (Scarsdale). This vaguely described area from all indications would be a vacant block in Scarsdale along heavily traveled State road and also bounded by Fairview, Park streets and Pine avenue.

Last winter the Scarsdale Property Owners association, by letter, requested that the park consider acquiring this tract for a park. Two months ago that organization again proposed action be taken. Besides being along a heavily traveled street, this tract of land would be but four blocks away from the proposed park at the South school. These conditions do not warrant the expenditure of approximately \$30,000 for acquisition, plus further cost of development, the cost of which has not been mentioned yet. Therefore, opposing the above, I voted "no" which

automatically became a "No" vote for the projects I believe worthwhile.

I stated that if it were guaranteed that land would be acquired East or Southeast of the Scarsdale subdivision I would be in favor of presenting this phase of the program along with the others. I also stated that if the bond issue was reduced to \$90,000, eliminating the Southeast land purchase plan at this time, I would vote "yes" on the balance of the program. However, such compromise could not be reached and it is my opinion that even though publicity thinly veils such plans, by referring to land in general, the real purpose is to acquire the land mentioned. In a professional survey recently made, the official recommendation was that a park should be placed near Central road. The recommendations also stated that the construction of a park in the Southeast area should be delayed until the Northwest park and South park are completed as these are to serve greater numbers of the population.

It is interesting to note that one reason for acquiring land in Scarsdale, made during the discussions, was that in view of the amount of taxes that area pays it deserves a park. My reasoning does not agree that such a yardstick should be used to determine where a park is to be located. Another statement made was that this was to be a scenic park. Certainly Arlington Heights people should not be expected to purchase and develop land for scenic reasons only. I contend that if the taxpayers want to spend the \$30,000 it should be used for development of the proposed South park and the Northwest park which would be following professional park planner recommendations. What good is a lot of undeveloped land? Less land fully developed would be the logical answer.

The one Commissioner, who was unable to attend the September 1st meeting to cast his vote, had expressed his opinion previously that a bond issue having a limit of about \$50,000-\$70,000 should be presented merely to cover the most urgent requirements at this time. His statements indicated that he did not favor asking the taxpayers for such a large sum in view of future bond issues which other taxing bodies will have to institute.

All of the above is presented to let the voters know that the park commissioners themselves were not in complete agreement regarding the program on which the people must now vote. It is only fair that they learn the reasons why certain board members do not favor the program as set up as it is that they learn the side which has had publicity up to this time.

It is hoped that there will be a large turnout of voters so that a true sentiment of the public will be achieved. After all, \$120,000 is a lot of money.

Edw. C. Wahl
Park Commissioner

WILL A CHILD BE NEXT?

Arlington Heights! "The City of Good Neighbors." Maybe so, but dogs and cats don't seem to be included when it comes to good neighborliness in this town.

During the past four months six cats have died of poisoning, all of them owned by people living in the 1300 and 1400 blocks on N. Dunton avenue. Many dogs have also met their fate by the same method.

Only someone who has had a pet and grown to love it can realize the heartache suffered by these people as their animals double up in pain, dying from poison.

So far the poisoner has been fortunate. It has only been animals, who don't seem to count in this "City of Good Neighbors," but next time it might be a child. Why not stop before that?

Heartache
Arlington Heights

THANK YOU

On behalf of Selective Service Board 101, it is our desire to express our appreciation for the most efficient and ample coverage given the recent Registration, in your papers.

Needless to say this was of vital importance and helped us do a big job. Again thank you.

Arthur Silber, chrmn.
J. E. Millay, sec'y.

Teachers experience air-age-living in all-day airport tour, plane ride

More than 100 teachers, members of Arlington Area Educator's council, visited Municipal airport last Friday as part of in-service training education during the school year.

"The air age, in which we are now living, and education have a great deal in common," air line officials told the group. "We deal in a world of changed geographic concepts, and teachers themselves must understand this new life if they are to teach it intelligently to students."

"The only way to understand the air age," teachers were told,

"is to experience it."

Karl E. Voelters, assistant to regional Civil Aeronautics administrator for aviation information, emphasized the importance of air-age training.

"We are charged by congress with fostering and developing civil aviation and realize we must effect both a public understanding of the airplane's social, political and economic significance as well as scientific and technical aspects."

"Hence, the CAA has established a service organization, and stands ready to serve schools,

administrators and teachers in solution of air-age problems."

The teachers, divided into five groups, spent an entire day visiting airport facilities provided by Civil Aeronautics administration. United air lines and Eastern air lines.

The trip was arranged by Horace S. Gilbert, of Palatine, regional CAA educational director, who has planned such excursions throughout the Midwest, and Miss Lucy Driscoll, president of area educator's council, and Nelson Lowry, director of visual education at Arlington high

school, and a neighbor of Gilbert.

"This is the first time to my knowledge all the teachers in one school area have had the opportunity to participate in the air age outing," Gilbert stated. The usual procedure has been to select a representative group of teachers from one area for the trip.

The teachers arrived at the airport (upper left) at 9 a. m. and were "briefed" in the United Air lines auditorium (upper, center) for the tour.

During the morning they visited the CAA communications

office (lower left), CAA control tower (lower right), and watched H. L. Slickemeyer, Arlington high school teacher, try out one of the Link trainers (lower center). Other places visited included Eastern Air lines reservations office and United Air lines weather and communications and commissary.

The teachers had lunch in Marshall Field Cloud Room (center picture). Treat of the day was a half-hour flight in an Eastern Air lines 60-passenger Constellation at 2:30 p. m. Each of the two groups (one of which

is shown upper right) flew over the loop, north along Lake Michigan to Evanston, west over Orchard airport, Arlington park and Arlington Heights and south to the airport.

More than fifty of the teachers had never flown before, and only one or two were skeptical about the plane trip.

Teachers who visited the airport were from Arlington Heights high school and North and South schools, Mt. Prospect public school, Elk Grove school and Forest View school.

'member when

'Member when chivalry was alive and a Gentleman always gave up his seat in a public conveyance to a lady? . . . Today, "ladies" practically step over "gentlemen" when boarding the train—stand next to where the "gentleman" is seated, pass cutting remarks about the occupant of the desired seat, knock his hat off with packages they are carrying, give the "gentleman" what they hope is a scorching look, heave a big sigh, look faint—and still the "gentleman" won't give the "lady" his seat!!!

'Member when cigar stores had the figure of an Indian holding a tomahawk in his hand in front of each store . . . the United Cigar store coupons that we cashed only after carefully selecting our premium from the catalogue? Old fashioned, flowered and

Painted plates along the dining-room wall on the inevitable "plate-rail" . . . Fire engines were pulled by several pair of horses . . . the grocer placed a big potato on the coal-oil can when you lost the cap. Everybody sang "Johnny, Get Your Gun"?

Cattle guards were built along the railroad track to keep cattle out of the way . . . Pa could afford to take a day off from work if he felt like it? Here are a few more contributions sent in this week:

I remember when there was a large receiving pen right along the railroad, opposite the Luehring gas station, for cattle. Farmers used to take their livestock there and the railroad picked them up to be taken to market. That was back 'round 1922.

What youngster these summers goes without a nice even tan? When we were little kids, the mothers who sewed dresses made long sleeves to keep the arms nice and white for the short-sleeved organdy dresses we wore.

Remember those old big sun-bonnets? Some were pretty classy with quilted padding while others were just plain blue denim. They kept the sun away from the neck and face.

Mothers can remember the days when they were forced to wear three petticoats . . . one woolen one and the other two were starched crisply.

When I started school we wore laced shoes but some of the boys had button shoes. One lad had them on opposite feet once, 'tis a fact!

Not so many years ago—about fifteen to be exact, the sunbaked dresses came into their own. I remember hearing one woman say, "only flappers would wear 'em."

Remember those school picnics of years ago? There was free this and free that, lots of games with prizes, and the flag drills, etc.

I remember when merchants gave coupons worth the purchase amount. These coupons were called "Red Arrow Money" and then were used to bid on articles donated by merchants at the "Red Arrow" auction. They were very popular in this town 'round 1927 and 1928. I remember very well that a neighbor of ours was saving the coupons like mad to bid on a hundred pound bag of sugar.

The old "Peoples State Bank" gave the cutest little banks in the shape of houses to the youngsters who opened a saving's account. Maybe they foresaw the housing shortage.

Every boy and girl had one of those pouchy leatherette school bags slung over the shoulder, loaded with books to be studied in the evening.

'Member when there were no magazine racks in the house? Instead, there was a contraption on the wall, like a pocket suspended by chain that held the periodicals and newspapers. When it was loaded it was clean-

ed out.

Remember the nice town band about 25 years ago? I believe the oldest living member is John Boeger, oh yes, there is William Kehe, too. Lots of the younger band members at that time should remember what a snappy outfit they were.

Gotta go again, but remember, no name in the paper—if some of this is put in. I wish others would pitch in and send some real oldies in. (Unsigned.)

Your weekly treat recipe

Each week I endeavor to submit to you a recipe of distinction—one that is easy and simple to make. Serve this and I'm sure you will agree with me—there is inspired goodness in this recipe. It will bring an abundance of compliments.

Eggs and Spinach Au Gratin
6 shelled, hard cooked eggs
3 cups hot, seasoned cooked spinach

1½ cups medium white sauce
¼ cup grated processed pimento cheese.

Method: Cut the hard cooked eggs in halves. Arrange a layer of the spinach in the bottom of a buttered casserole, then a layer of the egg halves, and next a layer of white sauce. Repeat these layers until ingredients are used up, having white sauce on top. Sprinkle with the grated pimento cheese. Bake in preheated oven at 350 degrees for 25 minutes. Yield: 6 servings.

License applications are now available

Edward J. Barrett, Secretary of State, has furnished Paddock Publications Inc. with a supply of the 1949 Illinois Automobile License applications for the convenience of readers. The forms are available at the business office in Arlington Heights.

Secretary Barrett has reminded motorists who wish to retain their present numbers that December first is the deadline for re-assignment applications. He cautioned applicants to note their request for re-assignment on the face of the blank in order to differentiate such a request from routine applications.

Secretary Barrett reported that the total registration of motor vehicles from January 1, this

year, through September 30, is 2,247,038. This overall figure includes 1,856,663 passenger cars, 307,587 trucks, 53,982 trailers and semi-trailers; and 28,801 motorcycles. The number of authorized automobile dealers in Illinois totals 7,475.

The new plates, of steel for the first time since the war years, have a dark blue background with canary colored numerals.

Train strikes grader; man injured

William J. Sage, 63, was injured recently when a Libertyville township road scraper he was driving was struck by a North Shore train at the Bradley rd. crossing, three miles east of Libertyville. The scraper was

demolished. The train was westbound. Sage had turned from the Rte. 176 pavement and planned to go south on Bradley rd. It was reported that he had stopped the grader and put it into first gear to negotiate a grade approaching the railway tracks.

Disability insurance

Doctor Ward's Notebook

As I pointed out last week disability insurance is the best protection a wage earner can have against inability to work if the wage earner is not covered by company insurance policies. Before buying such insurance however, it would be advisable to find out something about the various insurance companies and the policies which they offer. A trustworthy insurance agent can undoubtedly help you select a sound company with which you may place your policy. Dunne's insurance report will give you factual information and a policy holder rating on all companies. Armed with this information you can safely select a reputable insurance company.

Selection of a policy. However, depends on a knowledge of some of the characteristics of good and poor contracts. As a guide to policy selection I suggest that you look for the following features in a disability insurance policy.

Noncancelable. The poor companies will drop your policy as soon as you develop some illness which might make you susceptible to further disability. Many patients who have collected because of disability due to heart disease, diabetes, or kidney trouble find these policies canceled when they recover. Get a policy that cannot be canceled by the company under any circumstances (except, of course, failure to pay the premium.)

Guaranteed Renewable. Some companies are foxy and, although advertising that their policies are non-cancelable, will accomplish the same thing by refusing to renew when the next premium falls due. You should have the right to continue your policy as long as you desire regardless of your present state of health.

Waiver of Premium. This means that you will not be required to pay any premiums which come due during a time when you are disabled and cannot work. This is an extra consideration at a time when it is badly needed which the better companies allow.

Incontestable. In most cases when the policy has been in force two years it becomes incontestable as to the accuracy of the representations of the policy and as to the physical condition of the insured when the policy was taken out.

Total Disability. If a man is unable to perform his usual duties, he is totally disabled. Some companies insist that he be unable to work at any occupation. This is an unfair restriction—a doctor specializing in surgery who injures his right hand actually is totally disabled, although he could still give advice and opinions. Many good companies will pay fifty months for this sort of a disability. For the remainder of the period for which the company will pay, the insured must be disabled for any occupation. Thus, a surgeon would have over four years to find another branch of medicine in which his injury would no longer be a total disability.

Grace Period. You should have an extra month in which to pay your premiums in the event that you are a little late. Naturally, you will want to discuss the fine points of any policy with your agent. He will be able to explain to you in greater detail the features which you will want to know about. I have outlined the major provisions which you should understand. With these points in mind you are in a better position to intelligently discuss disability insurance plans.

Bits o' business

Business planning for 1949 depends a good deal on armament spending. The U. S. government still offers a \$10,000 bonus to anyone who finds a lode of rich uranium ore. The domestic wool clip this year will be the lowest in 25 years. Prospects for lower meat prices are brightening. Nearly half of all non-farm families in the nation are homeowners.

Modern Etiquette

by ROBERTA LEE

Q. Should a man and a woman rise if they are dining in a public restaurant, and another couple stops at their table to talk for a minute?

A. The man should rise, but the woman should remain seated.

Q. What articles must a bridegroom provide for his best man and ushers at a church wedding?

A. The ties, gloves, and boutonnières; and he usually gives a gift of a small piece of jewelry to each one.

Q. Is there a certain response that is always correct when being introduced?

A. Yes; "How do you do" is always in good taste.

Q. Wouldn't it be better to have a home wedding if the invitations are to be sent only to the immediate families and closest friends?

A. This is a matter of personal preference, but a church wedding is preferable when many invitations are issued.

Q. If one is buttering a piece of bread, should it be held in the left hand?

A. No; hold it against the plate while buttering it.

Q. What is indicated if a neighbor does not return a first call within a few weeks?

A. That the neighbor does not desire to form a friendship. It is bad form not to return a first call within two weeks.

Q. If a couple is dining in a restaurant where there is dancing, who leads the way from the table to the dance floor?

A. The girl should go first, her escort following her.

Q. Is it all right to send the wedding gift to the bridegroom, if one does not know the bride?

A. No; all gifts are sent to the bride, never to the bridegroom.

Q. What should one do if walking with a friend and this friend stops to talk with an acquaintance whom one does not know?

A. Wait on a few paces and wait for the friend.

Q. Isn't it bad form for a dinner guest to talk to one neighbor more than to the one on the other side?

A. A guest who is tactful will show no discrimination and will try to divide the conversation as equally as he can.

Q. Isn't it sufficient for the

Sentinals of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—its itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feeling tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

Are YOU Going Thru CHANGE of LIFE?

causing you to suffer from
HOT FLUSHES?
Does the functional 'middle-age'
period peculiar to women (38-52
yrs.) make you suffer from hot
flushes, feel so nervous, high-
strung, irritable, weak? Then do
try Lydia E. Pinkham's Vegetable
Compound to relieve such symp-
toms. It's famous for this!
Taken regularly—Pinkham's
Compound helps build up resist-
ance against such 'middle-age'
distress. It's what Doctors call a
uterine sedative. It positively con-
tains no opiates—no habit-forming
drugs. Pinkham's Compound helps
nature (you know what we mean).
It's also a great stomachic tonic!

Test your soil— make more profit

You can make hundreds of
dollars more from higher crop
yields by having your soil tested to
see what fertilizer it needs,
says Farm Adviser C. A. Hughes.
A couple of hours spent in
collecting soil samples, and a
few dollars invested in soil tests,
can help most Cook county farms
earn much higher profits, he de-
clares.

"These tests actually save you
from wasting many hard-earned
dollars on soil treatment mat-
erials that may do your soil little
or no good," declares Clyde M.
Linsley, soils specialist, Univer-
sity of Illinois Agricultural ex-
tension service.

It costs from \$400 to \$1,000 for
liming and other soil treatments
on 40 acres, according to the
farm adviser. That's from \$10 to
\$25 an acre.

But it costs only about \$3.85
to test 11 samples of soil from
40 acres for lime, phosphorus and
potassium, he added. That's only
about 9 1/2 cents an acre.

This small investment will
help you to make sure that none
of the money you spend for fer-
tilizers is wasted, the farm ad-
viser said.

Cook county has an up-to-date
soil laboratory with a technician
trained and supervised by the
College of Agriculture. He is
Mr. H. L. Cletcher, R.R. 1, Lock-
port, Illinois. You can find out
more details about the soil-test-
ing service from the farm ad-
viser at Arlington Heights.

To launch farmer-wide Blue Cross plan for Cook county

Volunteer workers to ask memberships for hospital costs

After several months' endeavor
and through the joint efforts of
the Cook County Truck Garden-
ers association and the Cook
County Farm Bureau, Blue Cross
Hospitalization was launched at a
joint committee meeting at
Des Plaines the evening of Octo-
ber 12. Representatives of the
Blue Cross met with the organ-
ization committee and explained
the plan of procedure. An agree-
ment was reached on the conduct
of the campaign and the estab-
lishment of an association to be
called the Cook County Health
Improvement Association.

Eligibility to the Blue Cross in
this association, it was agreed,
should be limited to all those
whose principle source of income
is from agriculture, their em-
ployees, including employees of
the sponsoring organizations. Al-
so, it was agreed that all who
had taken membership in the
Blue Cross through the Home
Bureau and have sustained indi-
vidual memberships, would be
allowed to transfer to this asso-
ciation.

THE COMMITTEE present ap-
plied for incorporation as a non-
profit organization and elected a
temporary organizing board. The
regular board will be elected by
the membership after the sign-
up campaign the last two weeks
of January.

The organizing board at pres-
ent are president, Geo. DeVries;
vice-president, Chas. Bruce; sec-
retary-treasurer, Elmer J. Steil,
and three directors: John W.
Benck, Martin C. Meyer, and
Roy Anderson. Other directors
will be elected to the organiza-
tion board representing the dif-
ferent townships in the county.
After the permanent directors
are elected it is expected that
some farm women of the county
may be elected on the board. An
office will be established and
secretarial help employed.

In the interim it is planned to
secure local workers in the town-
ships of the county to call on as
many farm families as can be
solicited during the sign-up pe-
riod. After the sign-up, the last
two weeks of January, the as-
sociation membership rolls will be
no more opportunity to sign
up for 12 months.

THE COST of membership will
be \$15.00 annually for single
memberships, under 66 years of
age. The family membership
rate is \$39.00 annually. In this
membership at least one of the
parents should be under 66 years
of age and this includes all un-
married dependent children un-
der 19.

There will be \$2.00 annual
membership dues which will go
toward the support of the local
organization. The first function
of the local organization will be
to collect and remit the mem-
berships to the Chicago office. The
effective date for membership
will be April 1st.

Membership in the Blue Cross
does not pay doctor bills but it
does allow any member of the

family 30 days in a two-bed room
in an approved hospital with all
hospital expenses, except how-
ever, to keep from raising rates
you will pay the hospital \$1.50
per day for the first 30 days and
75c per day for the extra days.
You will be allowed services such
as nursing, dressings, casts, med-
ication, operating, anaesthetics
and laboratory services while
hospitalized. The exception to this
is the use of radium or plas-
ma.

AFTER A TOTAL of 30 days
in any calendar year, for each
member of the family, which
may be at more than one time,
an extra 90 days is allowed at
50 per cent of the hospital
charges. If the member takes a
private room \$5.00 per day is al-
lowed for the first 30 days and
\$2.50 thereafter.

If a member is outside of the
Chicago zone he may be hospital-
ized in an approved hospital. In
non-member hospitals there is a
reduced allowance.

Non-hospitalized members are
allowed on all charges for emer-
gency service.

"During the campaign each
member or prospective member
will be supplied with folders ex-
plaining the plan in full detail,"
states Farm Adviser Hughes.
"We have examined a number
of other plans but find Blue
Cross rendering more, uncontest-
ed service to its subscribers than
any we have found. It is being
set up in many Illinois counties
for farm people."

Start deep litter system now for poultry

You can keep your chickens
from getting cold feet this win-
ter—and take care of them with
less work—by using the deep
litter system in your poultry
house.

And right now is the time to
start building that carpet of deep
litter, says S. F. Riden, exten-
sion poultryman, University of
Illinois College of Agriculture.
These steps are needed:

First, clean your poultry house
thoroughly. Next, place a layer
of litter two or three inches deep
on the floor. Then, instead of
changing litter at the end of two
weeks, add an inch or two of
new litter until it is six to nine
inches deep.

YOU CAN USE ordinary straw,
ground corn cobs, wood shavings,
or various commercially prepared
litter mixes, according to Riden.
These materials will break
up and mix with the old litter.

"Deep litter makes a base of
finely broken material that will
provide insulation and prevent
moisture from condensing on the
floor," Riden explains. "It's a
great labor-saver, too, and helps
to cut labor costs."

The poultryman points out
these precautions in following the
deep litter system:

FIRST, KEEP the litter dry.
Leaky roofs, rain and snow com-
ing through broken windows, and
water fountains are the main
sources of dampness. You should
eliminate these danger spots, or
remove damp litter immediately
and replace it with dry.

Second, rake the litter to mix
it and prevent matting. Raking
will encourage the birds to
scratch, and that will permit the
manure to settle to the bottom.

You can use his deep litter for
more than one year—if you keep
it dry and if you haven't had
any disease in your flocks.

When Ironing

Small amount of salt in starch
will help prevent the iron from
sticking. If sticking should occur,
the sole of the iron may be cleaned
by rubbing it in salt or paraffin
while hot and then polishing with
a dry cloth.

Cow moves

The 17-cow herd of registered
Holstein-Friesians owned by Carl
H. Will, owner of Willoway
Farm, has recently completed a
year of production testing in the
official Herd Improvement Reg-
istry program of The Holstein-
Friesian Association of America.
An average of 385 pounds of
butterfat and 10,158 pounds of
milk has been officially recorded.

Milking was done 2 times daily.
Testing was supervised by Uni-
versity of Illinois in cooperation
with The Holstein-Friesian as-
sociation of America.

An average of 141.2 people live
on every square mile of land in
Europe. According to the Wor-
ld Book Encyclopedia, this is more
than three times as many as in
the United States, with only 44
persons per square mile.

LAW on the FARM

Crop Dusting and Spraying—The discovery of effective weed-killing chemicals and the use of aircraft for spreading and dusting both weed-killing and insecticidal dusts and sprays have focused attention on the liability a farmer may incur if these dusts and sprays injure the crops or livestock of adjoining owners.

There is a well-established principle of law that when a person makes use of a substance which is known to have dangerous qualities, he does so—at his own risk. It is quite probable that if an Illinois farmer, in applying dust or spray, does actual harm to his neighbor's crops or livestock, he can be made to pay reasonable damages, even though he may not have been negligent in mixing or applying the material. But if the farmer contracts with an aircraft owner to apply the spray or dust, it might appear that the aircraft owner would be the one liable, since in most instances at least he would

Expect economic weather to be fair next year

Farmers can expect the economic weather to remain fair and sunny through most of next year, according to Agricultural Department officials.

Last week, Department economists predicted that large personal incomes will peg demand for farm products in 1949 near the record levels of the current year. They expect that disposable income will continue near the record annual rate of 186 billion dollars—about 10 percent above 1947—attained during the first half of this year.

ONLY STORM signal on the horizon right now is the possibility of a slight drop in consumer incomes near the end of next year. Officials concede that such a decline, timed with another round of bumper crops, would produce a depressing effect on grain prices.

It would affect milk and dairy products much less, since milk production would be seasonally low at that time.

Exports of farm products will probably decline further next year, due mainly to dollar exchange troubles of importing countries. This year, exports will be moderately smaller than in 1947.

IN RECENT months, the Department has been hedging its predictions with a great many cautionary if's and but's. The new outlook statement is the most positive and cheering note to be sounded in a long while.

However, it's a good idea to remember one thing—predictions are not always infallible.

takes by exercising a high degree of care in preparing and applying these chemicals, by insisting that any independent agent employed by him do likewise and if possible by securing waivers of liability from his neighbors. The last point may very well be a mutual proposition if his neighbors also wish to spray or dust. Also, his contract with the aircraft owner should include a statement concerning recourse against the owner if damage results from negligence in the use of the aircraft. He may very well have such recourse even though there is no formal contract.

Bigger International stock show than ever

Work has begun on the 49th edition of the International Live Stock Exposition, the nation's leading agricultural event, and early reports indicate the 1948 show should attract larger classes than in any previous International in the nearly 50 years of its history.

The Exposition is scheduled for November 27 through December 4 in the huge International Amphitheatre of the Chicago Stock Yards.

Premiums for the show have been increased this year, as breed associations have volunteered more money for International classes, and the prize total of the show will exceed the usual \$100,000 for the competitions of four breeds of beef cattle, 11 breeds of sheep, nine of swine and five of draft horses.

The Junior Livestock Feeding contest for boy and girl feeders of fat cattle, swine, and sheep will again assume its prominent place on the first day's program. Entries for the show close November 1 for all live stock classes except carloads of fat stock which may be made up to November 20. Grain Show entries close November 10.

Federal sugar research program holds consumer

Projects recommended by the Sugar Research advisory committee for federal attention may have far-reaching benefits to both sugar consumer and producer. C. J. Bourg, Washington (D. C.) representative of the Farmers and Manufacturers Beet Sugar association, reports that top priority is recommended in 1949 and 1950 for a project involving marketing research, but that others to be pushed include wider sugar plant utilization and more efficient production.

Most important now, declared Bourg, is the problem of maintaining sugar content and quality of domestically harvested sugar beets and sugar cane. Success in this field would mean higher efficiency in getting to market the basic raw material for sugar production.

Another project reported by Bourg that has a direct bearing on the sugar consumer, and should as well benefit the producer, is a recommended survey and analysis of sugar marketing structures, to determine possibilities for improvements in methods of marketing the finished product and for practices to reduce market costs.

Civil service examinations

The Civil Service Commission announced an examination for filling inspection officer positions in the U. S. Public Health Service, General Field Duty, Foreign Quarantine Division. The positions pay \$4,479 a year and are located in Washington, D. C., and throughout the country. The Civil Service Commission announced a mathematician examination for filling positions in Washington, D. C., and vicinity. The salaries range from \$3,727 to \$6,235 a year. Applications will be accepted in the U. S. Civil Service Commission, Washington, D. C., until June 30, 1949. However, persons who wish to receive early consideration should have their applications on file not later than October 26, 1948. Full information and application forms may be obtained from the Commission's Local Secretary, Mr. Francis S. Hall located at Arlington Hts. from Civil Service regional offices, or from the U. S. Civil Service Commission, Washington 25, D. C.

**Two-ton concrete
'capsule' to be buried
Oct 25 with RR record**

A two-ton concrete 'time capsule'—placed in trust for the generation of the year 2048 and containing a detailed photographic record of railroading as it exists today—will be buried Monday, October 25, at the site of Chicago's first railway depot. Burying of the time capsule will commemorate the first run of a locomotive out of Chicago, and the 100th anniversary of this city's first railroad—the Chicago and Northwestern system.

The contents of the capsule—more than 500 photographs contributed by 31 railroads serving the city—will, in effect, "stop the clock" on the railroad industry as of 1948, and will give students of a century hence a comprehensive picture of the industry, as well as the story, in pictures, of the railroads' greatest show—the Chicago Railroad Fair.

**Car hit by train
but driver escapes**

Clifford J. Hawn Pratt and Margaret Aves, Des Plaines, was treated for cuts and abrasions about the head and face received when he drove his auto into the path of a southbound Soo Line freight train at the Lee st. crossing Tuesday of last week.

Police said that Hawn was driving south when he went past the signal. Train number 28, moving at a good rate of speed, hit Hawn's machine in the right rear end sending it crashing into a truck which was waiting for the frate to pass on the south side of the tracks. Both the car and the truck were damaged.

**10,300 persons walk
to deaths in 1947**

A total of 10,300 pedestrians literally walked themselves to death in America in 1947.

This is shown in the 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council.

Pedestrians killed in traffic accidents last year accounted for almost one-third of the 32,300 total traffic deaths. And the Council estimates approximately 220,000 more pedestrians suffered non-fatal injuries.

SUES FOR INJURIES

Alfred Kuhl has sued the Fuller Transfer, Inc., and E. Luedtken, in the Superior court for \$50,000 damages for injuries. He charges that on September 15 as he was crossing Rand road at Elmhurst road he was hit by the company's truck driven by Luedtken and seriously injured.

Lesson in English

WORDS OFTEN MISUSED
Do not say, "I would like a hot cup of coffee." Say, "I should like a cup of hot coffee," placing the adjective hot nearest the noun it qualifies.
Do not say, "Have you ever been to St. Louis?" Say, "Have you ever been in St. Louis?"
Do not say, "I have got enough money." Omit got.
Do not say, "The man and the boy were helping one another along." Say, "were helping each other," when referring to two.
Do not say, "The five men were helping each other along." Say, "were helping one another," when referring to more than two.
Do not say, "Please look and see if it is ten o'clock." Omit look and. Merely say, "Please see if, etc."

WORDS OFTEN MISPRONOUNCED
Leisure. The preferred pronunciation of the first syllable is as lee.
Chasten. Pronounce chas'n, as in chase; the t is silent.
Demonstrative. Pronounce with accent on second syllable, not on first.
Briar. Pronounce brig-and, i and g as in big, and accent first syllable, not the second.
Habeas corpus. Pronounce habe-as kor-pus, first syllable as ray, second syllable as be, a unstressed, o as in or, u unstressed, and accent first syllable of each word.
Encore. Pronounce ang-kor, as in ah, o as in ore, and accent second syllable.

WORDS OFTEN MISPELLED
Straight (not curved); strait (a narrow passage of water). Reconnoiter; one c, two n's. Fiend; ie, and pronounced feed. Masquerade; observe the quer. Effervescence; five e's in the word. Mucus (noun); mucus (adjective).

WORD STUDY
"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:
Discernment; quickness and accuracy in discriminating. "Discernment is a power of the understanding in which few excel"—Greville.
Efficacy; power to produce effects. (Accent first syllable). "I firmly believe in the efficacy of prayer."
Impassioned; full of warm feeling; ardent. "His impassioned words aroused the listeners."
Morbid; abnormally impressionable, especially to ideas of a gloomy nature. "Dwelling on such things produces a morbid mind."
Vacillate; to move one way and the other; to waver. (Pronounce first syllable vass). "A spheroid is always liable to shift and vacillate from one axis to another."—Paley.
Tincture (verb); to imbue, flavor, impregnate. "Early were our minds tinctured with a distinguishing sense of good and evil."—Atterbury.

THE MAILMAN'S CORNER
by LELAND ELLIS TRUXELL

Can you laugh at your misfortunes?
Of course, just "laughing it off" never solves our problems, but it does give us a lift, and gives us the lessons we learn through misfortune with greater ease and benefit.

No one loves a grouch, or one who is bitter and filled with self pity. How many real friends does the man who is forever singing the blues so bitterly and becomes so morose when no one

Tales o' the Street
(Continued from Page 15)

for one since 7 a. m." he responded. "My time card shows one at 7 and another around 8, and the time table pasted on the wall shows the same thing."

We pulled out one of the small cards dated the same day and it didn't show either of these trains.

Well, John finally got to Chicago, but why the two sets of times on the different time cards?

● **THE BOWLERS**
We hear some bowlers are hitting their strides. One of the major league bowlers asked us the other day if we were going to watch the major league of minor bowlers.

Some of the boys are really having trouble getting started, but they are still hopeful for the rest of the season.

● **QUICK TRIP**
A bunch of hunters left Friday for Wisconsin to open the duck season, and they were back at the football game Saturday afternoon.

Yes, they opened the season by firing a few shots at some high-flying ducks, but the results were nil. Dry weather had dried up a lot of the duck-hunting swamps, and birds were flying high looking for water.

The boys expect to try some Illinois duck hunting later this fall, and are hoping for better luck than at the Wisconsin opening.

● **CORN AND POTATOES**
More samples of the fine products of this area are appearing in the windows of the LaLonde-Steinbrink office.

Bill Kehe brought in some fine corn from a friend's farm, and some huge potatoes from the Andrew Stanko farm are on display.

● **SQUAW WINTER**
A little touch of squaw winter hit Monday when temperatures dropped to 17 above zero.

After an early cold snap like that, we can look forward to some nice lazy Indian summer days with the golden glow from turning leaves making a soft light on the land.

● **NEARER**
Nearer and nearer comes the dawn of that great day.

**Driver's license cards
may be marked with
any of 7 violations**

For greater safety on the streets and reduction of traffic accidents and fatalities police departments are clamping down on motorists with stiffer enforcement of traffic regulations and the rules of the road.

Here are seven violations, all in the Illinois Traffic Code and effective throughout the state, which shall, upon conviction, be endorsed on the Driver's License card of the violator:

Sec. 32. Violation of a Stop-and-Go light.
Sec. 33. Violation of a flashing red or yellow light.
Sec. 37. Hit-and-run, in case of an accident involving property damage only.
Sec. 39. Hit-and-run, in case of collision with an unattended vehicle.
Sec. 48. Reckless driving—willful or wanton disregard for the safety of persons or property.
Sec. 49. Speeding.
Sec. 86. Failure to stop at a Stop sign or a clearly marked Stop line.

**VA helps to get
gold star buttons**

The Illinois Veterans Commission today announced it would assist next-of-kin of men who died in service in World War II to apply for the Gold Star lapel button.

Eligible to receive the official Gold Star button are the next-of-kin of veterans who died in service between December 7, 1941 and July 25, 1947. The buttons are issued by the federal government.

Widows, widowers, each parent and step-parent are being given one button without cost. Children, step-children and brothers and sisters may obtain the button at cost price.

Application blanks are now available at all offices of the Illinois Veterans Commission. In Cook county the IVC office is located at 41 South Prospect ave. in Park Ridge.
